Globe-Democrat Says Mrs. Heady Asked Hall to Tell Federal Officer Whereabouts

ST. LOUIS, (AP)—The Globe-Democrat says Mrs. Bonnie Brown Heady hinted to a federal officer the day before her execution that she and Carl Austin Hall knew what happened to the missing $300,000 of the Greenlease ransom money.

The newspaper's story, published in today's editions, came on the heels of a disclosure by the House Appropriations Committee in Washington yesterday that Hall, in a death cell admission, said that he couldn't have kidnaped and killed little Bobby Greenlease of Kansas City without the stimulation of drugs.

Mrs. Heady, the Globe-Democrat reported, was quoted as asking Hall in the presence of a federal officer to tell about the money and source of the drugs.

However, Hall was said by the newspaper to have snapped back at his partner in crime:

"Shut up. We have already talked too much. Remember we never rat on a pal."

Hall and Mrs. Heady were executed last Dec. 18 for kidnap-slaying. About half of the $600,000 ransom paid by the boy's father is still missing.

George P. Larrick, deputy food and drug administrator, told the House committee the FBI found a 100-tablet bottle of a drug known as amphitamine in Mrs. Heady's pocketbook.

After Hall's conviction, Larrick said, "We went to the penitentiary—to the death cell—and got a signed statement from him. Hall, like many other criminals, had used this benzadrine to stimulate him to kidnap the child, and later used it to stimulate him to kill the child."

The Globe-Democrat said it learned the interviews were conducted by Roy S. Pruitt, agent in charge of the St. Louis office of the food and drug administration, and that reports of the interview were submitted to the Justice Department.

Pruitt declined to comment.

The Globe-Democrat said Mrs. Heady told Pruitt that she and Hall could tell him about the drugs and that "Carl can tell you all about the money, too."

Then, the newspaper said, Pruitt obtained permission from state prison officials at Jefferson City to take Mrs. Heady back to Hall's cell where she asked him to talk about the drugs and ransom. This was when Hall told her to keep her mouth shut, the newspaper reported.

Mrs. Heady, the newspaper said, after being taken back to her cell said she knew all about the money and drugs but she and Hall had a mutual pact and she couldn't talk unless Hall agreed to it.

Hall, in earlier death row statements and his confession, had said he believed he had most of the $600,000 ransom with him when he was arrested in St. Louis and that he did not know what happened to the missing portion.

Scout Camporee Opening Friday

The Pettis District Boy Scout Camporee, with a conservation theme, will be held at the Girl Scout camp for three days beginning Friday afternoon.

Highlights of the outing will be Operation X, details of which are remaining a secret, and the Sunday afternoon family basket dinner, the band concert and court of honor.

Campfires will be held both Friday and Saturday nights and it is likely that a visiting troop from out of town will have charge of the Saturday night ceremony around the fire.

Young Wins Another Round in NYC Fight

NEW YORK (AP) — Robert R. Young won another round in his fight for control of the New York Central Railroad today when railroad attorneys agreed to discontinue a court suit involving 800,000 shares of stock bought by Young supporters.

The railroad's action came just a day after election inspectors counting proxy votes cast in last week's stockholders' meeting at Albany, N. Y., approved unanimously the voting of the disputed shares.

Antifreeze Specials?

We've fully expected to see an advertisement for specials in antifreeze the past few days, but perhaps the fall shipment is not in yet and the stocks are too small to handle the rush of customers.

Spring Fork Lake 13 Ft. Below Full

The big downpour of rain Tuesday evening and Wednesday morning raised the level of Spring Fork Lake two inches, but it still remains 13 feet below full. It was reported earlier that the level was 13 inches below full. The last time the lake was full was three years ago.

Delegates Have New Problem On Indochina

Agreement Appears Remote; Another Secret Parley Opens

GENEVA (AP)—Western and Communist delegates wrestled with a new deadlock today over the thorny question of Red participation in the policing of an Indochina armistice.

Agreement on this key point appeared remote as the nine-party Far Eastern conference prepared for another secret session today.

The deadlock developed at yesterday's closed-door meeting when Russia insisted that the Communists must be represented on any truce supervision commission. The Western Powers firmly said no.

Russia's Foreign Minister V. M. Molotov reflected the gravity of the problem when he told the conference it would be difficult to reach agreement on truce supervisory machinery unless Communists were represented on the proposed agency.

Another difficulty arose yesterday when Pham Van Dong, vice premier of the Communist-led Vietminh, declared the proposed neutral nations supervisory commission should be given only one task—controlling the entry of arms and troops from the outside.

He got quick support from Molotov, but France's Foreign Minister Georges Bidault declared that the commission should control all phases of a cease-fire, including regrouping of forces, policing of ports, watching Red China's frontiers and checking on all war materials.

The new difficulties were regarded as extremely serious in view of the importance attached to the policing problem. Western diplomats have insisted from the beginning that there can be no cease-fire unless there is a truly neutral body to supervise implementation of agreements reached in Geneva.

Western officials argue that Communist nations cannot be neutral in a dispute where one of the parties is Communist.

The Reds indicated yesterday they want the major burden of supervising the cease-fire to be borne by mixed French-Vietminh commissions rather than the broader international body.

Bidault, on the other hand, said France would agree to have the neutral commission set up a small mixed subcommittee for local duties. But this, he said, should be limited in this function and should remain under control of the international group.

The Western Powers, meanwhile, continued to study the question of how the proposed international body should be composed. They generally agreed that it should be made up mostly of Asian nations, but the exact terms of their proposal have not yet been worked out.

Russia's scheme for a four-nation commission appeared to have been killed off by Western opposition. The plan called for a Korean-type body — part Communist, the rest non-Red — for Indochina. The Soviets nominated Communist Poland and Czechoslovakia along with India and Pakistan.

Will File Murder Charge Against Jack Hecke at Keytesville

KEYTESVILLE (AP) —James J. Wheeler, prosecuting attorney, said today he will file a first degree murder charge against Jack Hecke, held in the fatal beating of Thurman Grace, 65, Brunswick.

Grace died Saturday of injuries suffered in the incident at his home.

The 46-year-old Hecke, also of Brunswick, has been held in jail here under a felonious assault charge. Officers said Mrs. Grace had named Hecke as her husband's assailant.

AFL Official Ordered To Appear Monday Before Grand Jury

ST. LOUIS (AP) — Pete Saffo, AFL Teamster official released from city jail where he was held for six weeks for contempt, is scheduled to appear Monday before a federal grand jury investigating labor racketeering here.

Saffo was ordered to jail April 16 by U. S. District Judge George H. Moore after he refused to answer 20 questions the grand jury asked him.

He was released yesterday afternoon after the U. S. Circuit Court of Appeals ruled he need answer only two of the 20 questions. Saffo agreed to answer the two questions. He had pleaded fear of self-incrimination in refusing to answer originally.

The Court of Appeals ruled Saffo had no legal ground for refusing to say whether he saw officials or members of Teamster Warehouse Local 688 carrying firearms. It held, however, he did not have to answer questions about himself.

Debate Thailand Request

UN Security Council Votes Over Soviet Protest to Take Up Watchdog Proposal

UNITED NATIONS, N. Y., (AP)—The U.N. Security Council voted today over Soviet opposition to debate Thailand's request for a U.N. peace watchdog commission to study the Indochina war threat on Thailand's borders.

It was the first time the Indochina war crisis was put before the U.N.

Pote Sarasin, Thailand ambassador to the United States, launched the council debate with a charge that the Indochina war not only directly threatened his country but menaced the legal governments of neighboring Cambodia and Laos.

After Sarasin spoke, the council adjourned indefinitely to allow delegations to study the request and get instructions from their capitals.

Only the Soviet Union opposed the Thailand request. That act foreshadowed a Soviet veto.

In the Council's opening speech, Soviet Delegate Semyon K. Tsarapkin charged the move would hinder peace in Indochina. He said it would interfere with negotiations at Geneva on an Indochina cease-fire.

France switched from its previous opposition to support putting the question on the council agenda for debate.

Mercy Flight Fails to Save Life of Girl, 2

ST. LOUIS (AP) — A mercy flight from Cape Girardeau failed to save the life of a two-year-old girl, who had suffered a brain injury in a fall down three steps at her southeast Missouri home.

Little Maxine Stovall, daughter of Mr. and Mrs. Max Stovall of Cape Girardeau, died soon after reaching Missouri Baptist Hospital here yesterday.

A surgeon was waiting at the hospital when the parents arrived with Maxine but condition made immediate surgery inadvisable. She died witin an hour.

John Goodwin, a neighbor of the family in Cape Girardeau, piloted the parents and child on the 39-minute flight. After landing at Parks Metropolitan Airport, the family was given an escort to the hospital by East St. Louis, Ill. and St. Louis police.

Mrs. Stovall said Maxine and her 6-year-old sister, Nancy, fell down three steps at their back door on Tuesday. They scrambled up. Maxine had only a bruise and a bump, her mother said.

The child, who had been under treatment for a virus infection, seemed all right, her mother said. She couldn't go to sleep until early the next morning.

Mrs. Stovall said the child, usually a late sleeper, slept on yesterday morning and, when they could not awaken her, a physician ordered Maxine to St. Louis for surgery.

The surgeon explained that Maxine had suffered a brain hemorrhage in the fall.

Discuss Defense In Southeast Asia

WASHINGTON (AP) —Military representatives of five powers met today to discuss Southeast Asian defense, beginning exploratory talks which they said would be of use in "further conversations which may take place later on a wider basis."

This language was used in a communique issued after the high ranking military chiefs and a half hundred of their assistants had met for an hour in the first session.

The reference to the possibility of further talks on a "wider basis" attracted interest in the light of the American view that the conference should have been held at a higher level than the military representatives. Secretary of Defense Wilson put that view into direct words last night with a comment that the problems are more political than military.

The wording of the communique also pointed up the hope that more countries will be enlisted later.

Secretary Talbott Will Make Final Decision in Near Future—

Air Academy Not Coming to Sedalia--Site Will Be In Colorado, Illinois or Wisconsin

WASHINGTON, (AP) —The Air Force announced today that its search for an academy site has been definitely narrowed to three locations — Alton, Ill., Colorado Springs, Colo., and Lake Geneva, Wis.

Sedalia has been seeking the Air Academy, joining with Warrensburg in making a bid for the school's location in the Knob Noster State Park area. The Chamber of Commerce has received cooperation of state officials and of the Kansas City Chamber of Commerce in its campaign. Both Missouri senators and several representatives also backed the local site.

Air Force Secretary Talbott made the announcement, saying the three sites had been recommended by a five-man board and he must make the final choice from among them.

Talbott said he would make his decision only after further personal inspections by himself and his staff, and that he will study thoroughly the problems of land acquisition, engineering and all factors at the three locations before making his pick.

The academy selection board started its search at the beginning of April, traveling more than 18,000 miles and reading reports and recommendations involving more than 400 locations proposed by civic groups and local communities.

The task of choosing a permanent site for the academy was assigned to Virgil M. Hancher, president of the University of Iowa; Brig. Gen. Charles A. Lindbergh; Merrill Meigs, vice president of the Hearest Corp.; Gen. Carl A. Spaatz, first chief of staff of the Air Force, and Lt. Gen. Hubert R. Harmond, special assistant to the chief of staff for Air Force Academy matters.

Legislation authorizing the academy was signed by President Eisenhower on April 1.

The law authorizing establishment of the Air Academy provided that the site selection board should make a unanimous recommendation or narrow the choice to three locations.

Had the board been able to agree on one site, the law said the Air Force secretary must decide on that recommended location.

Talbott, after handing out his written announcement, read it before television and newsreel cameras and added that "we will have engineers, construction men, real estate men, examine these sites very carefully."

The secretary also said he thinks "we will come up with an answer fairly soon, certainly within a month."

To build the academy, Congress authorized spending 126 million dollars and the air force plans to immediately choose a firm of architects to start designing it.

The money allowance for the first year's work is 26 million.

Out of that 26 million, 1million is set aside for operations at a temporary site, to be chosen shortly. The temporary installation is expected to be located as near as possible to the permanent one.

Plans call for the first class of about 300 cadets to enter at the temporary academy on July 1, 1955.

The permanent construction job is expected to take about five years, but the Air Force estimates it will be far enough along for cadets to use it by the summer of 1957.

Air Force plans call for an academy area of about 15,000 acres with classrooms, dormitories, a flying field and all facilities needed to support the institution. While only Colorado Springs has that much land in the tracts immediately in consideration, officials said more could be had by purchase or condemnation at the other two locations.

The Alton, Ill., site is about 10 miles up the Mississippi River from Alton and adjacent to the village of Elsah. Alton is 25 miles from downtown St. Louis and 277 miles from Chicago. The site has an area of 7,500 acres bounded on the north by State Highway No. 100, on the south by the Mississippi River and on the west by the Grafton and Jerseyville Highway. About one fourth of the land is under crops.

The Lake Geneva site is in the southeastern part of Wisconsin near the center of the southern shore of Lake Geneva. It is about 50 miles southwest of Milwaukee, 60 miles southeast of Madison, Wis., and 73 miles northwest of Chicago.

Boul Expresses Disappointment on Academy, But Hopes for Air Base Being Made Permanent

Claude L. Boul, president of the Sedalia Chamber of Commerce, said today: "While we are keenly disappointed in the report of the site selection commission, we have the satisfaction of knowing that everyone concerned did everything possible to further the Knob Noster site.

"However, we still have much for which to be grateful, because it now appears that the Sedalia Air Force Base will soon be declared a permanent installation. When this happens the impact on our area will be tremendous."

Protest More AEC Powers For Strauss

Dispute Flares Up Before Senate-House A-Energy Committee

WASHINGTON, (AP)—Three of the five members of the Atomic Energy Commission today protested publicly against any increase of power for the commission's chairman, Lewis L. Strauss.

The dispute, which is reported to have been simmering behind the scenes, flared into the open before the Senate-House Atomic Energy Committee.

Henry D. Smyth and Thomas E. Murray entered strong objections, to what Murray called the "present trend toward centralization of authority" in Strauss.

Their statements were made to the committee in opposition to a clause of the pending atomic energy bill making the chairman the "principal officer" of the AEC.

A third commissioner, Eugene M. Zuckert, did not file a statement on the issue but told reporters:

"Any addition to the power of the chairman is dangerous to the commission."

Chairman Strauss and Joseph Campbell, both appointtes of President Eisenhower to the commission, favor the new wording, according to congressional informants. Campbell declined to tell reporters what his position is.

Murray, in a prepared statement, said any shift from the present equality of authority in aec toward a "one-man commission" would be dangerous. He said he was "seriously concerned" lest the present tendency to concentrate power in the chairman would "jeopardize the effectiveness of the commission form of organization which is so necessary in the field of atomic energy."

Zuckert suggested that the congressional committee insert in the proposed law a guarantee that all members of the commission "shall have equal authority and responsibility" and "shall have full access to all information relating to the performance of this authority and responsibility."

Judge Dismisses Embezzlement Charges Against Union Officer

KANSAS CITY (AP)—O. F. Rigney, secretary-treasurer of Teamsters Local No. 541, was discharged yesterday on charges of embezzlement and obtaining money under false pretenses.

Rigney was accused of converting to his own use a check for $997.63 written against the union's account. Magistrate Claude O. Smith dismissed the action after a bank official testified the check was written against the account and deposited to that account.

'Queen of the Prairies' Rose Show at Little Theatre Friday

The Rose Show, the theme of which is "Queen of the Prairies," will be held Friday at the Smith-Cotton Little Theatre and will be from 1:30 to 9 p.m.

There has been a little worry by people planning to attend the show about the roses. So much rain probably will ruin the roses, they thought. But those who go will find roses in abundance.

This is the sixth annual show presented by the Sedalia Rose Society, affiliated with the American Rose Society, and the weather usually doesn't cooperate very well with the rose growers. That doesn't stop them, though. They always have roses, even if they think they won't have up to almost the last minute.

Edward Brummet is general chairman of the show, with Oscar DeWolf and Perry Strole as co-chairmen.

Entries must be according to the schedule rules and will be received by the entry committee from 8 to 11 a.m. Friday.

Blue, red and yellow ribbons will be awarded in all classes where quality warrants and gold, silver and bronze medal certificates, from the American Rose Society, will be awarded the first, second and third best hybrid tea roses of the show.

The "Perpetual Trophies" will be awarded to those members of the Sedalia Rose Society winning the greatest number of points in Division I, horticultural class, and Division II, arrangements.

Legion Horse Show In Coliseum Tonight

More Than 200 Horses Are Entered With 100 To Be Shown in Classes Tonight; Others Will Be in Ring for Friday's Performance

Tonight the Pettis County Post, No. 16, American Legion, will present the first performance of the two-night horse show to be held in the Coliseum on the Missouri State Fair grounds. The show tonight will get under way at 7:30 o'clock with 11 classes to be shown.

More than 200 entries have been received by the Legion committee and this afternoon well over 100 horses were in the stables at the fair grounds. Other horses are to arrive tonight and Friday to be shown in the Friday night show.

Among some of the stables to arrive early today were: Schellcrest Farms, Liberty, owned by Fred Schell; State Fair Horse Show superintendent; Tony Palmer, Columbia; Scott Higgins, La Monte; Bill Maacks, Bolivar, and the Hiner Tire Co., St. Joseph.

The junior five-gaited class, five-gaited mare and the five-gaited stud - stallion - gelding are among the top classes to be shown tonight along with the junior walking horse, walking mare and the walking stallion and gelding classes.

Other classes are the parade class, western pleasure class, which incidentally is well filled, the fine harness, the roadster and the three-gaited classes.

With the exception of the fine harness class, all are well filled with entries and horses already on the grounds. There is every indication the show this year will exceed expectations of the Legion, with entries from five states: Missouri, Kansas, Iowa, Illinois and Oklahoma.

This is the second annual horse show for the Legion.

Reserved seats for both tonight and Friday may be obtained at the Chamber of Commerce and the L. and G. Electric Co. General admission tickets may be obtained at the Pacific Cafe or from any Legionnaire.

Russian MIG Shoots Belgian Freight Plane

VIENNA, Austria, (AP)—A Belgian freight plane was shot up today over Yugoslavia near the Hungarian frontier. Its radio officer was hit by cannon fire and killed.

Surviving crewmen said a Russian-made MIG, bearing a red star insigna, dived upon the DC3 transport in an apparent attempt to force it toward Hungary. They said the plane opened fire when the Belgian pilot ignored the MIG's maneuverings.

Sabena Air Lines, operator of the transport, declared it was attacked "by two fighter planes of unknown nationality." Belgian officials at Belgrade and Frankfurt also said they were informed that more than one attacker was involved.

The transport — carrying pedigreed pigs from Britain to Yugoslavia—had a crew of three Belgians and a British co-pilot. The Belgian pilot and a Belgian mechanic were injured. The dead radio man also was a Belgian.

Two of the several score pigs were killed.

Navy Demonstrates 'Flying Pogo Stick' In Vertical Takeoff

MOFFETT FIELD, Calif. (AP) — The Navy unveiled its Flying Pogo Stick yesterday in the first public demonstration of a vertical takeoff by a wing-type plane.

The delta-wing craft made a tethered flight inside the Navy's huge hangar once used for dirigibles.

Test pilot J. F. (Skeets) Coleman took the Convair XFY1 up three times and landed vertically. Safety cables prevented him from turning it into its standard horizontal flight position. The experimental plane rose as high as 100 feet.

When the plane is fully developed, it will allow large vessels to carry their own air cover, and give infantrymen cover from small cleared spaces right behind the front lines.

Quinn's Shoe Store Is Sold

L&R Shoe Company Buys Out Fifty-Year-Old Business

The Quinn Bros., Shoe Store, 208 South Ohio, has passed out of family hands for the first time since its start in 1904—fifty years ago. Final papers were signed Tuesday, to give the L & R Shoe Company, Inc., Kansas City, the ownership.

George Swift, formerly of Joplin, will be the manager of the store, while the name, staff and policy of the store will remain the same.

When the store first began, Michael and James P. Quinn were the original partners. Joseph, Cornelius, and Frank were then taken into the business as they became of age. A landmark for many Sedalians, the Quinn Store was one of the only three shoe stores on Ohio Street at the time of its origin. The William Courtney Store, and the Peter Lane Store were there at that time and James Quinn recalls, "A good price for fine shoes was $3.50."

A few years later, however, the Quinns bought the Lane store and operated it until it was sold and the present Montgomery Ward building was constructed.

The only change in location through this 50 years was in 1929 when they moved from 206 to 208 South Ohio. James Quinn who was owner and manager at the time of the sale has been assisted for a number of years by his sister, Miss Johanna Quinn.

Mr. Quinn has no immediate plans for the future. He says that he would just like to retire and "take life easy."

Mac Wins Mundt's OK On Point of Order Over Box of Cigars

WASHINGTON (AP)—Sen. McCarthy (R-Wis) intoned a familiar "point of order" at the Army-McCarthy hearings today—this time to celebrate the 54th birthday of Chairman Mundt (R-SD).

McCarthy made the point that TV listeners had heard him deplore the quality of the "straw" smoked by the chairman, and had sent to him a box of cigars to present to Mundt.

With a grin, McCarthy passed over a box of fancy 'Corona Grandes."

"That is one point of order I will not attempt to overrule," Mundt replied.

Sunday Is 'Shut-Ins Day' in Missouri

JEFFERSON CITY —Next Sunday is "shut-ins' day" in Missouri by proclamation of Governor Phil M. Donnelly. He urged citizens to visit the sick and disabled that day.

SAFB Airman Fatally Hurt In Accident

Car Is Wrecked Tuesday Night On Windsor Street

T/Sgt. Huston A. Shelley, of the 340th Field Maintenance Squadron, Sedalia Air Force Base, died Wednesday of injuries suffered about 7:40 p. m. Tuesday when his car overturned at the east edge of Windsor, at the Rock Island railroad crossing.

According to the State Patrol, it was apparent T/Sgt. Shelley was driving at a fast rate of speed and, as he was driving south on Main street, the car struck a dip at the crossing causing the car to skid and turn over. Shelley was dropped out of the car as it was turning over.

"Fluffy", a pet dog in the car, escaped unhurt.

The car knocked down two signs and barely missed a telephone pole as it rolled over. The 1941 Buick was badly damaged.

The injured man was taken to the Windsor Hospital and later to the Veterans Administration Hospital, Kansas City, where he died Wednesday.

T/Sgt. Shelley, with his wife, Mrs. Mildred Shelley, recently moved to Windsor and were residing at 108 North Franklin. He was transferred to the Sedalia Air Force Base as a instrument mechanic and assigned to the 340th Squadron.

Surviving are: his widow, of the home in Windsor; his father, John A. Shelley, and a sister, Mrs. Elizabeth Sharrock, Birmingham, Ala. His home was originally Stamford, Conn.

The body was brought to Sedalia late Wednesday and taken to the Gillespie Funeral Home.

The body will be sent to Demopolis, Ala., with M/Sgt. Lammert, from the SAFB, as escort. It will leave Sedalia at 3:50 a. m. June 4 and arrive at Demopolis at 6:30 a. m. June 5.

A military funeral will be held with members of the Craig Airforce Base at Selma, Ala., to be in charge of that part of the services.

Ike Gives WW II Vets Torch to Be Lighted On Normandy Beaches

WASHINGTON (AP) — President Eisenhower today gave a group of World War II comrades in arms a torch to be lighted in France at ceremonies Saturday marking the 10th anniversary of the Normandy invasion.

Army, Navy, Air Force and Marine Corps officers who participated in the invasion reminisced with the President at the White House.

He handed the torch, made of copper and brass, to Lt. Gen. L. T. Gerow, who commanded the assault on Omaha Beach in Normandy. The inscription on the torch says:

"This torch was presented by Dwight D. Eisenhower to be kindled on the Normandy beaches on June 5, 1954, by the Allies commemorating the tenth anniversary of the landings on June 5-6, 1944."

Hannibal Bridge Gear Snaps, Delays Traffic

KANSAS CITY, (AP)—For more than two hours this morning the Hannibal bridge over the Missouri River at Kansas City was closed to traffic.

The span was opened to permit passage of a barge and a gear broke, preventing its closing.

Before temporary repairs could be made, hundreds of automobiles had to be re-routed. Three railroad trains were delayed more than an hour.

Propose Defense Report

Mac Wants Wilson Or His Assistant To Tell Why They Refuse List of Names

BULLETIN

WASHINGTON, (AP)—Sen. McCarthey today quoted Assistant Secretary of Defense Fred Seaton as saying he would be "glad" to accept information from McCarthy about 130 alleged Communists in defense plants.

McCarthy reported his conversation with Seaton at this afternoon's session of the McCarthy-Army hearings. Earlier, McCarthy had said the Defense Department had not decided whether to accept the data.

WASHINGTON (AP) — Sen. McClellan (D-Ark) proposed today Secretary of Defense Wilson or Asst. Secretary Fred Seaton be summoned before the McCarthy-Army hearings to explain why they apparently refused to receive information about alleged Communists in defense plants.

McClellan suggested this after Sen. McCarthy said he still had received no word from the Pentagon as to whether it wants the 130-odd names of people McCarthy describes as Communists in defense plants.

McCarthy said he "can't understand the failure" of the Pentagon to accept the information he says he is ready to supply.

McClellan proposed that Wilson or Seaton be asked to appear by 4 p.m. (EDT), (2 P.M CST).

Sen. Jackson (D-Wash) supported McClellan's move, declaring there was "something rotten in Denmark" if the Defense Department needed a lot of time to decide whether to receive such information.

Sen. Symington (D-Mo) expressed "amazement" that defense officials had taken so much time to decide whether they wanted the list.

Chairman Mundt (R-SD) said in "simple justice" the Pentagon officials should be given more time to respond to McCarthy's offer.

Mundt said he thought the McClellan-Jackson proposal was "going too far" and he would oppose it.

The flare-up came when the McCarthy Army hearings resumed after the luncheon recess.

In the Forenoon session, McCarthy had said he had offered all his information to the department but that the department had not decided whether it wanted it.

WASHINGTON (AP)—Roy M. Cohn said today that Atty. Gen. Brownell or his assistant "instigated" the Army-McCarthy hearings and that this constituted a "stacked deck" against the McCarthy side if perjury charges develop from the hearings.

Cohn threw out this charge in the 26th day of the Army-McCarthy hearings as Sen. Jackson (D-Wash) pressed a series of "true or false" questions to Cohn.

Cohn testified under oath it was "true" that the Army filed its charges against McCarthy and him after failing in "blackmail attempts" to try to halt the McCarthy subcommittee investigation of the Army.

Earlier, when Secretary of the Army Stevens and Army counselor John G. Adams were witnesses, Jackson had pursued a similar "true or false" line of questioning.

Jackson read the perjury laws to Cohn and reminded him that Stevens and Adams had testified

Crossroads Comment . . . by G.H.S.

Sedalia Air Base is not among the three locations recommended finally by the committee for a United States Air Academy. This is disappointing, indeed, because Missourians acquainted with the site and its potentialities felt that the location was worthy of top consideration.

But technicians have a way of resolving such situations that are not understandable to laymen who in this case did their level best to present all the information obtainable on the merits of the Sedalia Air Base. The Chamber of Commerce, individual civic leaders, business men of Sedalia, Warrensburg, Jefferson City, Kansas City and other neighboring and even distant towns went to bat for the project. The selection committee was not without all the data needed.

Preparation of this material took time and effort and expense. But this is not a total loss. The information compiled will always be valuable in its application to perhaps some other projects yet unheard of. But above all the industry and enthusiasm aroused over initial prospects of obtaining the Air Academy will remain as an example of the driving power Central Missourians may command.

Upon this disappointment may be built a structure of civic cooperation in other fields of community progress and expansion

Although in this instance the piece of toast fell to the ground buttered side down, there's more bread in the box and more butter in the refrigerator to whet our appetite to try again.

Too, there's a big grain of satisfaction in knowing that the Sedalia Air Base is to be placed in permanent status.

Mississippi Will Reenact Old Battle

BRICE'S CROSSROADS, Miss. (AP)—The Rebels are getting ready to whip the Yankees again but no one wants to be Yankees, especially beaten ones.

Mississippians just naturally don't like blue.

A new type enlistment was devised to fill the Union ranks for the second Battle of Brice's Crossroads Sunday, 90 years after Gen. Nathan Bedford Forrest routed a Union force of superior numbers.

Volunteers for the battle re-enactment have no choice whether they would look better in blue or grey. They just enlist.

"Then we assign them to one of the armies," said Claude Gentry, author of a book about the Civil War battle and a sponsor of the re-enactment. "You can't find anyone who wants to enlist as a Yankee."

"The ones that can run the fastest will be the Yankees," he said, recalling how Union forces were routed and fled back to Memphis, Tenn., in 1864.

A practice battle was scheduled for today to wet the Rebels' appetite and give the Southern "Yankees" a rehearsal in backward movement.

An enlistment booth is signing up soldiers in the Baldwyn post office (federal, that is). "Enlistments are coming in pretty good," Gentry said. He predicted 200 fighters in homemade uniforms would refight the battle, with perhaps 25,000 watching.

Baldwyn is a town of about 1,600 in scantily populated northeast Mississippi. The battle site is nearby.

The Yankees lost about 2,200 killed, wounded or captured in the battle, Gentry said. Forrest lost about 500 killed or wounded.

The battle had no appreciable effect on the war. Vicksburg had fallen the year before, cutting the Confederacy in two. Sherman was pushing through Georgia at the time.

But the battle lifted morale a little and gave Mississippi a fading taste of victory.

Sedalia Scouts Asked to Give Equipment for Boys in Korea

Boy Scouts of Sedalia and the Lake of the Ozarks Council are collecting the used items necessary to fill at least one "friendship package" which will go to scouts of Korea in "Operation Korea".

Other councils throughout the nation are supplying the necessary equipment for the many kits which will be sent to the boys in the war torn area.

Any local scout who has any of the necessary items and will give them for this cause is asked to leave them at the Missouri Public Service Co., office.

Items wanted for the packages are: 4 two-boy light weight tents with collapsible poles and tent pegs; 1 dining fly without poles (trail tent 10'x10'); 1 trench shovel; 1 single bit axe (hand or long handle); A patrol first aid kit; 1 trail chef cook kit with four additional cups and plates; 1 chef kit consisting of one basting spoon, one ladle, pot fork, spatula slicer fruit knife, two potato peelers; 8 Boy Scout uniforms — including, cap or hat, shirt V-neck or regular) neckerchief slide, trousers or shorts, belt, socks or stockings, pack or haversack; 8 Boy Scout knives; 8 canteens; 8 Cub Scout uniforms —including, cap, shirt, neckerchief, trousers, belt and socks.

Girls Prove Investment Ability in College Economics Course

TOWSON, Md. (AP)—Prof. Frederick G. Reuss at Goucher College wanted to know if the 31 girls in his economics class were getting enough out of their class room theory.

So he launched an investment project backed by almost $1,000 from the college. He asked each girl to take a single stock to analyze and report on as a potential investment.

The would-be female tycoons have done so well, the investment pool is bringing in income at 6 per cent per annum. When profits reach about $1,000, the girls plan to set up a scholarship fund at the college.

Prof. Reuss is more than satisfied at the results. He now takes market tips from the girls and admits his own investments have done "all right."

HST Cancels Address At Labor Luncheon

CLEVELAND (AP)—Former President Harry S. Truman has canceled a speech he was scheduled to give next Tuesday at a luncheon sponsored by organized labor here.

Expressing regret, Truman said last night he was calling off all his June and July appointments in order to catch up on back work on his memoirs for Life magazine.

Because the speech was cancelled, the Cleveland Labor Committee for Human Rights called off the Human Relations Institute, a joint CIO-AFL enterprise. The speech was to have been the main event.

Billie Green, 4, Suffers Bruises in Fall From Car

Billie Green, four-year-old daughter of Mr. and Mrs. William E. Green, route 1, Sedalia, suffered bruises about 9:30 p.m. Wednesday when she fell from her father's car.

Mr. Green was driving to his home with Mrs. Green and other children of the family and stopped at the highway sign at the High Point intersection. As Mr. Green started up and turned onto Highway 65, the back door flew open and the child rolled out on the concrete.

A passing motorist saw the accident and went to a telephone and called for the Ewing ambulance to be sent to the scene.

However, the child suffered a concrete burn on its left arm on which it fell and some bruises. She was given emergency treatment at the scene by Ralph Baker of Ewing's and then was taken home in the family car.

Monsoon Rains Bog Down Rebel Troops, Convoys

HANOI, Indochina (AP) — Heavy monsoon rains lashed northwest Indochina today, bogging down the feverish movements of Communist-led Vietminh troops and convoys from fallen Dien Bien Phu towards the Red River delta.

The heavy rainstorms also forced French warplanes to discontinue for the second day running their plastering of the rebel forces on the march.

The most advanced Vietminh elements from the fortress still were around 50 miles from the westernmost perimeter of the French delta defenses.

French army sources said a major Vietminh assault on the delta still might come before the end of June. But they still thought the rains might force the rebels to defer attacking until the monsoons end in September.

The French high command reported another "calm day" in the delta.

Bombers heavily hit Vietminh concentrated in company strength 12 miles south of Hanoi.

Fighters dropped delayed action bombs around the post of Chonoi, near Hung Yen, 30 miles southeast of Hanoi. Attacked by the Vietminh four nights running, the post had a quiet period last night.

Must Rebuild Stone Wall to Keep Farm

LEXINGTON, Ky. (AP)—A farm operator was faced today with the Humpty-Dumpty task of putting the wall together again.

Mereworth Farm was ordered to rebuild a historic stone fence, using the original stone. Its explanation that the stone is now buried in a road bed and in the walls of a home wasn't acceptable.

The farm filed suit yesterday for a declaration of rights after the heirs of Joseph P. Dolan, which owns the farm, threatened to cancel Mereworth's 50-year lease unless its terms were met.

The pre-Civil War fence circled the 269-acre farm.

Misses Story of Own Citation for Service

LINCOLN, Neb. (AP)—Veteran Lincoln Journal City Hall reporter Phil Wadhams passed up a story yesterday.

So it fell to Mayor Clark Jeary to see that the paper got it.

The story was about a resolution the City Council passed congratulating Wadhams for his "consistently high plane of reporting on city affairs rendered since 1913, and the spirit of honesty, integrity and cooperation which has always characterized his work."

Bans Secret Meetings

AKRON, Ohio (AP)—Akron city councilmen passed an ordinance yesterday banning all secret meetings of city boards or commissions.

Japanese Coeds Raise Protest About Posing Nude for a 'Study'

TOKYO (AP) — Fifty freshmen coeds at a Tokyo women's university raised a howl today against posing nude from the waist up for a professor's "scientific study" album.

Parents joined in the protest.

The girls said they were ordered to pose for the photos during entrance physical exams at Tokyo Ochanomizue Women's University. They were told the pictures would be used as "research material for studies on development of personalities."

University authorities were not available for comment.

Miss Sylvia Tinta A Shower Honoree

Miss Sylvia Tinta was the guest of honor at a bridal shower given Saturday evening at the Stover Methodist Church with Mrs. Otto Kraxberger, Mrs. Warren Cooper, Mrs. Inez Rapp and Mrs. Reed Blackman as hostesses.

The gift table was most attractive with the traditional decorated umbrella and streamers and nosegays in pastel shades.

Miss Mary Lou Kraxberger and Miss Judy Stevinson assisted the hostesses by providing suitable entertainment for the evening.

Refreshments were served to 25 guests.

Knob Noster Mothers Organize Kindergarten Club for Sponsorship

A group of Knob Noster mothers met at the home of Mrs. Charles S. Rhodes Thursday night and organized the Knob Noster Kindergarten Club for the purpose of sponsoring the kindergarten.

Officers are: president, Mrs. Jack Saults; vice-president, Mrs. Charles Jull; and secretary-treasurer, Mrs. Charles S. Rhodes.

The next meeting will be held Thursday, June 24, at 7:30 p. m. at the home of Mrs. Saults.

Last year the kindergarten was sponsored by the Knob Noster Progressive Club.

Beverly Sue Stephens Has Birthday Party

Some 30 little girls and boys helped Beverly Sue Stephens, daughter of Mr. and Mrs. Charles Stephens, Tipton, celebrate her eighth birthday anniversary the afternoon of May 22 from 2 to 5:30 o'clock.

Games were played after which she opened many nice gifts.

Then ice cream, cake and soda pop were served. Mrs. Stephens was assisted by Colleen Fry, Judy Johnson and Charlotte Stephens.

Plan for Program At Air Base Picnic

Plans for a program to be presented at the Chamber of Commerce-Air Force Base picnic, which will be held at Liberty Park on June 22, were made at a meeting Thursday morning of the music committee at the Chamber of Commerce office. Mrs. Marjorie Garansson, chairman of the special activities committee under the goodwill-selling Sedalia committee, met with Abe Rosenthal and Capt. Henry Willabey, co-chairman of the music committee. A tentative program combining local talent and talent from the Sedalia Army Air Base was outlined.

Varied Program For Green Ridge Garden Club Meet

Mrs. True Ulmer, assisted by Mrs. Ezra Inselman, was hostess to the members of the Green Ridge Garden Club Tuesday afternoon, June 1, at her home in Green Ridge.

The vice-president, Mrs. Carl Johnson, opened the meeting and the program chairman, Mrs. George Spickert, presented Mrs. L. H. Wadleigh, who gave an interesting talk on "Different Trees for Your Home." She then presented Mrs. Wilford Acker, who gave a very informative talk about the "Citrus Fruit Trees of Florida." She told how they budded the trees, of cultivation, and the gathering of the fruit.

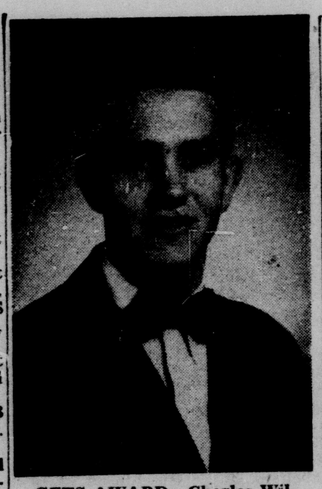
During the business meeting, Mrs. Spickert announced that Mrs. Carl Johnson had been appointed by the executive committee to act as president for the remainder of the year. Mrs. Johnson accepted the appointment and directed Mrs. Mattie Meyers to send a year's subscription of the Better Homes and Gardens magazine, which the club had voted to send some time ago, to the Bothwell Hospital in Sedalia.

The first six months of the year in which the members receive points on the arrangements, specimens, specials and potted plants, fruits and vegetables, that they bring to each monthly meeting to be judged, was over at the June meeting and prizes will be awarded at the July meeting to those scoring the highest.

Mrs. Acker gave a short talk on "Scale in Arrangements."

Mrs. Spickert announced that the members would go on a garden pilgrimage at the July meeting.

Miss Nellie Jones, assisted by Mrs. Ida McLemore, will be hostess to the club at the next meeting.



GETS AWARD—Charles William Monsees, son of Mr. and Mrs. S. G. Monsees, route 1, Sedalia, was one of four seniors in the Missouri University School of Veterinary Medicine, Columbia, to receive awards at a banquet given at the Student Union by the junior class in honor of seniors. Monsees received a certificate and a check for $25 for achievements outside the school which reflected credit on the division. Dean A. H. Groth made the presentation on behalf of the Auxiliary to the American Veterinary Medical Association.

Congress Highlights . . .

WASHINGTON (AP)—Senators looking into the McCarthy-Army dispute are summoned behind closed doors to discuss what to do about the names of 130 persons described by Sen. McCarthy (R-Wis) as Communists doing sensitive defense work in private plants.

A half hour later the Senate Investigations subcommittee is due to open the 26th day of televised hearings on the McCarthy-Army row with Roy M. Cohn, McCarthy's chief aide, back in the witness chair for more cross-examination.

The subcommittee voted unanimously yesterday to recommend that McCarthy and Cohn give the Defense Department the 130 names. McCarthy contended this wouldn't do any good. He said the best way to pry the 130 out of their jobs is to expose them at public hearings by this same subcommittee, which he normally heads.

HOUSING—The Senate heads into debate on legislation aimed at carrying out much of President Eisenhower's housing program.

A fight is in prospect over public housing provisions in the bill.

In advance of the Senate session, Republican leaders call a strategy meeting of GOP senators to try to line up voting support for the bill.

Los Angeles Jail Gets $300 From Ex-Boarder

LOS ANGELES (AP) — The city jail never had a boarder like this before. He has sent City Treasurer Leon V. McCardle $300 to pay for his year's lodging behind bars.

McCardle said the money came with a rambling, partially illegible letter which appeared to be signed Calsi C. Lenzinger, York Hotel, Dallas.

"I spent a year in Los Angeles jail six or four years ago and was locked up for trying to forge and a second time for trying to look for a job," the letter read. "I never was given a bill to pay expenses for locking up, and knows someone has to pay for jail keep.

"Good luck to the city of Los Angeles and thank you for good care in jail."

Fire Alarm Returns Peace to Cow Town

PAYSON, Ariz. (AP)—When three gun slingers tried to shoot up this cattle town, they forgot about the new fire alarm.

The alarm is three shots in rapid succession. That's exactly what one of the trio fired into the air.

The fire chief, Dick Black, and a citizen, George Coen, came running. Coen, 30, went home for his own guns and, in a scuffle, 36-year-old Ralph Garrells was shot in the hip.

Coen was jailed. Garrells was hospitalized. And peace came back to Payson.

Shelley Winters Gets Divorce From Italian Actor for Cruelty

SANTA MONICA, Calif. (AP) — Shelley Winters has divorced her Italian actor-husband Victorio Gassman, who, she said, admitted he was temperamentally unsuited for marriage.

The actress, who charged cruelty, testified in Superior Court yesterday that Gassman once told her: "If you want to be married to a European you have to live where your husband lives and you have to give him a great deal of freedom."

"I told him," Miss Winters said, "that was not the kind of marriage I wanted."

With her interlocutory decree she got custody of their 15-month-old daughter Vittoria Gina and a property settlement. The latter provides that 10 per cent of Gassman's earnings shall go toward support of the child, with a minimum of $5,000 if he is working in this country and $3,500 if he is working abroad.

Kidney Slow-Down May Bring Restless Nights

When kidney function slows down, many folks complain of nagging backache, headaches, dizziness and loss of pep and energy. Don't suffer restless nights with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exertion or exposure to cold. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

World War II Hero, Joe Foss Wins in S.D.

SIOUX FALLS, S.D. (AP) — Ten years ago a droll six-footer named Joe Foss stirred the nation with his exploits in the tense and critical air war over Guadalcanal Island.

Foss today carried the same warrior's flare for action that won him the Medal of Honor into the fight for the South Dakota governorship.

Unlike some of his touch-and-go aerial battles, this is a fight the handsome veteran is almost certain to win. His victory Tuesday in the state Republican primary virtually assured him election in this GOP citadel.

Foss downed 26 Jap planes as a Marine pilot, matching Eddie Rickenbacker's World War I total. He came home to Sioux Falls to a tumultuous parade with 50,000 lining the streets to welcome him.

After his wartime ordeal, few things ruffle Joe. He is in politics because he likes people, likes all the handshaking and storytelling that go with stumping—and likes the future of South Dakota.

Earnest in his politicking, he has a natural waggishness that is hard to submerge. His comely wife June says he has a dual personality.

"Most of the time he's a clown and a storyteller—but when he's serious, he's a different man," she says.

Foss is serious about the problems of government and the farmers. He is no spellbinder but speaks easily and decisively.

Now 39 and the father of three, he is no stranger to the state's bread and butter industry. He was born on a farm a few miles from here and it was there where he first acquired the marksmanship that made him a scourage of the Pacific fighting.

He tried unsuccessfully for the governor nomination four years ago when he offered little more than his wartime appeal. With two terms in the State Legislature behind him, he piled up a margin so big in Tuesday's election that opponents conceded four hours after the polls closed.

Because the mass of the earth is much greater than the density of the surface rocks would indicate, scientists believe it has a central core of heavy metal, probably iron.

WIN NOMINATIONS FOR GOVERNOR—Joe Foss, left, a flying ace of World War II who won the Congressional Medal of Honor, has won the GOP nomination for Governor of South Dakota. His home is in Pierre. Former Gov. Vail Pittman, right, took the Democratic nomination for Governor by a surprising margin against a four-man field in Nevada's primary election. Pittman is from Reno. (NEA Telephoto)

Missouri's GOP Women's Clubs To St. Louis

The annual convention of the Federation of Women's Republican Clubs of Missouri will be held at Hotel Governor, Jefferson City, Friday and Saturday, June 4 and 5.

There will be a business meeting at 2:30 p. m. Friday. On Friday evening at 8 the campaign activities committee will sponsor an educational program, with skits and motion pictures of special campaign techniques.

There will be special observance of the 100th anniversary of the Republican Party—100 years from Abe to Ike—and the 25th anniversary of the Federation at the luncheon at noon on Saturday.

The principal speaker will be Mrs. Peter Gibson, of Monroe, Mich., first vice-president of the National Federation of Republican Women. Mrs. Gibson is former president of the Michigan State Federation, is now serving as vice-chairman of the Monroe County Republican Committee. At the 1952 Republican National Convention, Mrs. Gibson was the only woman delegate in the Michigan delegation, and represented the state resolutions committee.

Republican Congressmen Curtis, Cole, Hillelson and Short of Missouri will recount the accomplishments of the Eisenhower administration. The presidents, Miss Frieda Schicht, will preside.

Belgian Plane Is Hit By Guns From Mystery Craft, Lands at Graz

GRAZ, Austria (AP)—A Belgian transport plane made an emergency landing today at the Graz airfield after having been fired on by an unidentified aircraft while en route from Munich to Belgrade, it was reported here today.

First reports said the firing killed one person aboard the plane and wounded four others.

A leather binding along the edges of sleeves or jackets that get hard wear will prevent fraying.

Gets Unexpected Passenger in Car

EGAR, Ariz (AP)—Imagine Charley Patterson's surprise when he climbed into the front seat of his stalled car on a lonely mountain road at night, and felt a bear sitting next to him.

Patterson, a mechanic, had just filled the empty gas tank. He whirred the motor and headed for town.

"I thought it was an awfully big dog," he said later. "I chained him to the door on the other side of the front seat."

Catches Night Hawk While Flycasting

TRAVERSE CITY, Mich. (AP)—District Game Supervisor Ford Kellum really showed 'em how last night on Bellows Lake.

Kellum caught a night hawk while flycasting for rainbow trout.

On a back-cast by Kellum, the bird swooped down and seized the fly. It dived and circled frantically peeling out lots of the line, and then fell exhausted on the water.

Kellum reeled in the hawk, unhooked it, and set it free.

Baptists Want Ministers' SS Contract

ST. LOUIS (AP) — The Southern Baptist Convention has recommended a social security bill for ministers which would provide a contract between the government and the individual without involving the churches.

The Rev. and Mrs. T. W. Croxton and the Rev. and Mrs. W. P. Arnold, all of Sedalia, are attending the convention.

Nearly all of the 12,000 seats at Kiel Auditorium's Convention Hall were filled when the voice vote was taken. There were no audible dissents.

The recommendation had come from the convention's executive committee.

An alternate proposal by the committee, which also was approved, was for a separate social security bill for ministers which would give both the minister and his congregation or employing organization the opportunity to choose whether to participate.

Dr. Porter Routh of Nashville, Tenn., executive secretary of the convention which opened yesterday, termed the alternative proposal a "realistic approach" to guide convention representatives who will present the Southern Baptists' position to legislators.

The question of racial segregation is expected to come before the convention Friday night in a report of the Christian Life Commission.

The Rev. Dr. J. W. Storer of Tulsa, Okla., was re-elected today to a second term as president of the convention. The Rev. Dr. Homer Lindsey of Jacksonville, Fla., was elected first vice president, and the Rev. Dr. Oliver R. Shields of St. Louis was named second vice-president.

The convention yesterday approved a total budget of $9,100,000 for 1955. This represents an increase of $350,000 over the current year. The figure included $6,100,000 for current operation expenses of about 20 boards, seminaries, hospitals, foundations and commissions and 3 million dollars in capital needs.

Dr. Baker James Cauthen of Richmond, Va., told the convention that "never has there been a greater combination of militant atheistic power set upon world domination."

Dr. Cauthen, executive secretary of the Southern Baptists' Foreign Mission Board, said:

"Never before has there existed the potentiality of man to obliterate civilization by his own folly. Unless there comes a new surge of spiritual vitality throughout the world causing men to walk together in love because of their faith in God, the issues of our day will inevitably plunge mankind into fearful slaughter beyond any power of the imagination to conceive."

The convention, which continues through Saturday, is being attended by an estimated 25,000 persons from 23 states.

The Rev. H. W. Schweinsberg, a Southern Baptist missionary in Columbia, South America, told the convention that Protestant mission work in Latin America is advancing despie "violent and concerted opposition" by ecclesiastical leaders of the Roman Catholic Church.

In Colombia, he said non-Catholic religions were outlaws in a recent governmental decree and there were last year "49 different attacks by the national police upon congregations gathered together for worship."

He said investigation showed that "70 per cent of those attacks were personally inspired or directed by some minister of the established state church.

He said 42 Protestant church buildings have been razed by fire or dynamite there in the past five years, 31 other partially damaged, 110 Protestant schools closed and 51 Protestant church members slain.

"If in this great land of liberty and freedom (America) it is necessary to be concerned about the Red threat of Communism, it seems prudent that there ought to be some concern about the purple threat of an organization that would fain throttle these fair freedoms whenever it has the political power to do so," he said.

Ann Klein Suffers Fracture of Foot

Ann Klein, daughter of Mr. and Mrs. Vincel Klein, route 3, Versailles, is confined to her home as a result of suffering a broken foot in an accident. She was riding on a wagon being pulled by a tractor and her foot became entangled in the wagon tongue.

A second year 4-H club member, Ann is the proud owner of a Jersey cow which recently had twin calves, a heifer and a steer.

Beaman Student at MU Wins Debate Award

Wayne Thomas, Beaman, a senior at the University of Missouri, was presented an award at an Agricultural Economics Club banquet Wednesday night as one of the two winners of a debate contest sponsored by the club.

This means that Thomas and his teammate will represent the university at the student section of the American Farm Economics Association convention at State College, Pa., Aug. 22-25.

Robber Walks Out With $867, Liquor

KANSAS CITY (AP) — Morris Balot had just opened his market this morning when in walked a roughly-dressed young man who told him to get a big sack. And, the young man went on, "put that money in it; and also put in plenty of whiskey." Balot complied. The robber walked out with $867 and eight bottles of liquor.

Mrs. Schumacher Heads Pettis Cancer Society

Mrs. J. F. Schumacher has been appointed temporary chairman of the Pettis County chapter of the American Cancer Society by Mrs. Ike L. Warren, who has resigned as chairman.

The appointment was made at a meeting Wednesday night at the Chamber of Commerce office and Mrs. John W. Welch has been appointed as chairman of the service committee, replacing Mrs. George Fitcher, who resigned because of ill health.

Mrs. Schumacher will call a meeting in July for the purpose of appointing a nominating committee to elect new officers for next year.

A meeting of Mrs. Welch's committee will be held at 7:30 p.m. June 23, at which time George Ficklin, field representative of the American Cancer Society, will be present to outline a program for that committee. Anyone interested in serving on this committee is asked to contact Mrs. Welch.

The service committee is divided into three divisions, the dressing committee, the loan closet committee and the transportation committee. A number of organizations are assisting by making cancer bandages, among them the Order of the Eastern Star, which has the making of cancer bandages as a projeot.

Soxman Speaks Before Kiwanis on 'I Believe', Using Song as Theme

Using the song-related creed, "I Believe", as his theme, the Rev. Lee Soxman delivered a thought-provoking talk to fellow Kiwanians at their regular meeting in Bothwell Hotel Thursday noon.

Abe Rosenthal was program chairman.

Arthur Klang, chairman of the Underpriviledged Children committee reported to the club on his committee's activities since the first of the year in supplying needed children and families with clothing, eye glasses and medical attention.

An expression of appreciation was given Rev. Roy Bowers for the proficient manner in which he has been preparing the monthly club bulletins.

Jury Chosen In 4 Puerto Ricans' Trial

WASHINGTON (AP)—A jury of seven men and five women was chosen in just under an hour today to hear the case of the four Puerto Ricans who shot up the House of Representatives last March 1.

Only 12 prospective jurors were challenged—nine of them by the defense. None of them was disqualified on the questions of whether they were prejudiced because of what they read or heard about the shooting spree in which five congressmen were wounded. Trouble in picking a jury had been anticipated because of the great publicity given the shootings.

Stony-faced Lolita Lebron, 34, self-styled ringleader of the Puerto Rican Nationalist quartet, made one attempt to speak up as the trial opened before U.S. District Judge Alexander Holtzoff.

As she was identified to the court, Mrs. Lebron began, "May I say. . . ."

She was shushed by defense counsel, and eased back into her chair. As she sat down, she muttered, "I'm sorry."

Mrs. Lebron and her three male colleagues — Rafael Cancel Miranda, Andres Fugueroa Cordero and Irving Flores Rodriguez—had pleas of innocent entered for them.

They have been held in jail, in lieu of bonds of $100,000 each, charged on five counts each with assault with intent to kill.

Cancel, a towering six-footer, sat beside Mrs. Lebron, who was trim in a light gray suit and low-heel patent leather pumps.

Occasionally, they chatted in subdued animation. Mrs. Lebron fingering a pink rosary and a Roman Catholic prayer book.

Like Cancel, Fugueroa and Flores wore no ties. They kept their fingers interlaced and occasionally looked about but spoke very little.

Defending the four Puerto Ricans, who say they want independence for their country, are four court-appointed attorneys: F. Joseph Donohue, former chairman of the District of Columbia Board of Commissioners, as senior counsel, and Myron G. Ehrlich, Abe Goldstein and Ben Paul Noble as associate counsels.

The prosecution is being handled by U.S. Dist. Atty. Leo A. Rover, with the help of his chief criminal assistant, John Conliff.

Mrs. Lebron said at her arraignment she wanted it clearly understood why she and her young companions—all in their 20s—were there:

"I would like it to be charged that what I committed was the defense of my country."

U.S. Dist. Judge James W. Morris, who had trouble understanding her broken English, asked whether she still pleaded innocent.

"Yes, on those grounds," she replied.

The most seriously wounded of the five congressmen shot was Rep. Alvin H. Bentley (R-Mich), who hovered for days on the critical list with a shattered liver. He is now back at work along with the others—Representatives George H. Fallon (D-Md), Kenneth A. Roberts (D-Ala), Clifford Davis (D-Tenn) and Ben F. Jensen (R-Iowa).

Southern Baptists Set Up Baby Sitting On a Mass Scale

ST. LOUIS. (AP)—The Southern Baptist Convention today set up baby sitting on a mass scale.

A 65-bed nursery for Baptists under three years of age was established at convention headquarters. Upwards of 100 children were deposited there during convention sessions.

Every motion of babyhood is on exhibit at the nursery where 23 volunteers rock, bounce, burp and lullaby the youngsters.

The convention is the largest ever held here. About 25,000 are in attendance.

Joint Bible School's Closing Exercises Will Be Held Friday Night

The closing of the co-operative Vacation Bible School of the First Christian, Broadway Presbyterian, and Immanuel Evangelical and Reformed Churches will be held on Friday night, June 4, at 7:30 p.m.

The various children in the departments will demonstrate the projects they have completed over the two week period, as well as singing songs and presenting skits. The colored filmstrip, "Sunday Around the World," will be shown.

Following the formal part of the evening, there will be open house so that all the visitors may go see the individual classes and look at what the children have done. Friends, relatives and parents of the children are invited to attend.

Teen Town to Close

Saturday night will be the last night Teen Town will be open until it reopens this fall. Low attendance during the summer months makes its operation impractical.

McCarthy-Army

(Continued From Page One)

the "blackmail" charge was false.

Cohn insisted this charge had been "proved" by testimony from senators on the subcommittee itself.

Cohn referred to testimony by the senators that Adams had visited them "to try to kill" a move by the McCarthy subcommittee to subpoena members of the Army Loyalty Board. Cohn said one of the senators (Dirksen, R-Ill) had said Adams "hinted" that if the subpoenas were not dropped, "something else would be done."

Cohn said Brownell's office had "instigated" the proceedings, adding that Brownell would be the one to review the testimony and decide who, if anyone, should be prosecuted for perjury (lying under oath).

In the midst of Cohn's testimony, the first of the much disputed monitored telephone calls were put into the record. This came when Sen. Dirksen read a transcript of three talks he had with Secretary Stevens.

Since the early days of the televised hearings, begun April 22, there has been off-and-on wrangling over introduction of telephone calls on which Stevens had his appointment clerk, John Lucas Jr., take shorthand notes.

Dirksen asked whether there were any objection to his reading his calls with the Army secretary. He was permitted to go ahead.

All bore on the alleged mistreatment of Brig. Gen. Ralph Zwicker by McCarthy during an investigation of alleged Communist infiltration of the Army.

In one Stevens said he (Stevens) appeared to be a "yellow-belly" in the row with Sen. McCarthy.

Dirksen quoted Stevens also as declaring, "I think I have been absolutely crucified and the (armed) services with me."

The calls were last February.

Dirksen proceeded to read his calls after a long argument over whether the transcripts available to the investigations subcommittee should be spread on the record.

McCarthy and Cohn stuck to their stand that their own calls to Army officials should not be used unless the Army also supplied transcripts of talks between Army officials. They made no objection, however, to use of Dirksen's calls.

Cohn charged Stevens is deliberately trying to withhold certain calls from the investigation because they would be damaging to the Army's side of the dispute.

Cohn made the charge after Army Counsel Joseh N. Welch said a White House order obviously barred the release of calls between Stevens and Adams, on the one hand, and Maj. Gen. Kirke B. Lawton, commander of Ft. Monmouth, N.J.

GOP Huddles On Vote Plan Over Housing

WASHINGTON (AP)—Leaders called a closed-door strategy meeting of all Republican senators today in the hope of lining up enough votes to assure passage of new housing legislation asked by President Eisenhower.

The housing legislation under fire from some Southern Democrats and a number of Republicans comes up for debate later today. No votes are anticipated until tomorrow at the earliest.

In advance of today's strategy session, Sen. John M. Butler (R-Md) said in an interview that although he had never been friendly to the idea of public housing, he might very well vote for the administration program.

GOP Leader Knowland of California evidently hoped to tighten party lines in view of the unexpected opposition to this part of the over-all housing legislation by Sen. Maybank (D-SC), in the past a strong advocate of public housing.

Maybank has already offered an amendment to the bill which would strip it of all public housing authority. He switched position after the Supreme Court recently refused to consider an appeal from the San Francisco Housing Authority asking approval of a segregation policy in a low-rent housing project.

The Banking Committee approved a far more extensive program than proposed by Eisenhower—35,000 units a year for the next four years—but Chairman Capehart (R-Ind) plans to ask the Senate to approve the President's program. In its version of the bill, the House included no authority for public housing.

The senate committee bill includes these major provisions:

1. Lower down payments and longer repayment periods for homes bought with FHA-insured mortgages.

2. Continuation of present limits on home repair and modernization loans—$2,500 repayable in three years. The administration sought to liberalize this program.

3. Continuation of the present Federal National Mortgage Assn., the government's big secondary market for mortgages owned by private ownership of this secondary market facility.

4. A slum clearance and urban redevelopment program and special mortgage terms on low-cost housing erected as a result of slum clearance.

Airman Finds Troubles Come After Joyride

A/3C Reginald Abner, 23, Sedalia Air Force Base, a Negro, was fined $75 for driving a car while intoxicated and fined $25 and sentenced to five days in the city jail on a charge of leaving the scene of an accident. Abner appeared before Judge R. L. Weinrich in police court Thursday morning and pleaded innocent to both charges.

Police who made the arrest were called from their homes to testify and told of the incidents which led to the arrest.

Abner was driving a 1950 Oldsmobile sedan of Abraham Baker, also a Negro stationed at the Sedalia Air Force Base, which Baker had reported to the police a short time before as having been taken while he was out of the car at Pettis and Moniteau.

The car, according to police, had struck two houses and an automobile in the 100 block on East Pettis before coming to a stop in the 200 block on West Pettis.

Abner was reported to have driven off with the car along with a friend of Baker, who was sitting in the car when Abner climbed in. The friend, A/3C Richard L. Corum, who recently was shot in the arm, said he was waiting for Baker when Abner got into the car and started off.

Corum explained he was unable to stop Abner because of his bad arm, and he sat through several minutes of excitement.

The car hit a 1946 Buick sedan of Harold Cruse, damaging the left front fender, radiator, grill, headlight, bumper, and causing the tire to blow out. The car hit two houses in the sash-shay, at 113 East Pettis occupied by William Bradley and the front of 111 East Pettis occupied by Ruth McKenzie, doing damage to both.

The front end of the Oldsmobile was smashed in, the grill, both fenders, headlight on the left fender, the right rear fender and side of the car were damaged. The car was towed to police headquarters by the Chamberlin Service wrecker.

Prosecuting Attorney Harold Barrick said he would possibly file charges of tampering with an automobile against Abner Friday in the Magistrate Court of W. W. Blain.

Joseph Cook Joins Marines for 3 Years

Joseph F. Cook, son of Mr. and Mrs. Joseph H. Cook, 1717 South Park, has enlisted in the Marine Corps for three years.

He will receive his recruit training at San Diego, Calif., for ten weeks. After a ten-day leave, he will be reassigned. Before enlisting, Cook attended Smith-Cotton High School.

Mattingly's Observe 40th Anniversary

LEXINGTON — The Mattingly Brothers Stores Company, a business enterprise that was given a 40-day longevity when it was founded in 1914, will celebrate its 40th birthday anniversary on June 3.

When Roy and Harry Mattingly founded the first unit, "The Broken Dollar Store" at Odessa, local merchants there were skeptical and predicted the newcomers would stay in business 30 days. One of two of the community's conservative merchants generously gave them 40 days to fold.

The reason for this dim view was that in Odessa at that time, a cash store was a very new and daring thing. People were in the habit of charging everything. Hence, the glum prophecy that The Broken Dollar Store would break the Mattinglys.

The Mattingly Brothers bravely invested $1,400 in their first store. Over a period of years, they parlayed their original investment into a 34-store chain ownership, now making them the largest regional variety store in Missouri. Hugh Mattingly, president, says that his firm plans further growth and would open 34 more stores when and if the right locations are found.

Mattingly attributes much of the firm's success to selecting the right people and advancing them as quickly as they prove capable of accepting additional responsibility, filling promotions from within their organizations whenever possible. He contends this has had a good effect on employees' morale, making them happy in the organization and keeping them from accepting tempting solicitations from the larger chains.

In connection with the firm's 40th anniversary, special sales will be held in all communities served by the chain, and the remodeling and air-conditioning programs initiated a year ago will be stepped up to keep up with and outpace competitors. "At the same time, it is planned to continue and improve the personalized service that has been our policy for the last 40 years," declared the company's president, Hugh Mattingly.

The Sedalia store is unit No. 32 and was opened in 1951. The manager at the present time is A. R. Cassidy, who assumed managership of this store a few weeks ago.

Charles D. Ballah Heading for Japan

Charles D. Ballah, son of Mr. and Mrs. John Ballah, route 3, Sedalia, has been home on a 30 day leave before being sent to Japan.

Charles went into the Air Force July 18, 1952, receiving his basic training at Parks Air Force Base, Calif., as an air frame repairman. He then went to Amrillo, Tex., for three months as student and then instructor for three months.

Following this he was transferred to James Connally Air Force Base, Waco, Tex., where he was promoted to A/2c. He was crew chief there, and then was sent to base shops as senior air frame repairman on B-25, T-28, T-33, T-29, C-47, and C-45 type airplanes.

He has now been ordered to the Fifth Air Force in Japan.

Congressman Judd Wanted Private Spy System Inside Government

By Drew Pearson

WASHINGTON — Congressman Walter Judd of Minnesota isn't advertising it, but the White House-Justice Department rebuff of McCarthy for proclaiming his own personal spy system inside the government also put Mr. Judd on the spot.

For the gentleman from Minnesota, who prides himself on being one of Eisenhower's close friends and original boosters, proposed a similar espionage system for himself while traveling through the Far East.

Meeting with American diplomats and personnel in Bangok, Thailand, Congressman Judd said in brief:

"I know many of you feel lost out here. If you do feel as if you're neglected and forgotten, just write me. Let me know your problems."

One diplomat immediately spoke. "Wouldn't that be disloyal?" He asked. "Wouldn't that be going over the State Department's head?"

Judd replied that there were some good Congressmen and some indiscreet ones. He admitted that some congressmen might not be the ones to write to.

"But you can write to me," he said, "And count on me to be discreet."

Prediction for November

A possible portent of things to come in the November elections turned up in California last week when Sen. Tom Kuchel, Republican, put out a smaer sheet attacking Congressman Sam Yorty, Democrat, as a red. Yorty is opposing Kuchel in the California Senate race which has its initial warm-up in the primaries next week.

These primaries are nationally important. They will show, in the second largest state in the union both populationwise and geographically, whether Ike has really lost ground or not. For Californians are in the habit of deciding November elections in June by nominating favorite candidates on both Republican and Democratic tickets.

The Republican national committee in Washington has made no secret of two things: 1, that it regards the California primary as most important; 2, that it plans to use the McCarthy technique in the coming campaign whether Joe is an active speaker or not. An expensive film on "Twenty Years of Treason" featuring Harry Dexter White has already been prepared for wide GOP distribution.

Democrats claim, therefore, that the "Yorty-is-a-red" circular distributed by Senator Kuchel is significant.

No Red He

In this case, Yorty is a long way from being a red. Moreover, he caught the Kuchel sheet early and has issued an effective reply.

It happens that the Congressman has a letter from J. Edgar Hoover thanking him for his fight against Communism. Also Kuchel made the mistake of using a picture of himself and Thomas Pitts, president of the California AFL, without Pitts' permission, thus making it appear that Kuchel has AFL endorsement, the exact opposite of the case.

Finally Yorty has been praised by none other than the Hearst Newspapers for "his outspoken attitude on Reds and fellow travelers."

So, with the fireworks starting this early, it looks as if it would be a hot summer—and not merely in California.

Note — The Kuchel sheet smearing Congressman Yorty even used a trade-union label at the bottom, though investigation by the Printers' Union showed it was actually printed in a nonunion shop.

California Merry-Go-Round

Here's more on the hot and important primary in the Golden Bear State: Jimmy Roosevelt is almost certain to win despite his marital troubles. A Republican legislature had gerrymandered his district before they knew he was going to run, and had lumped as many Democratic votes as possible in it, so as to make other districts safer for Republicans . . . also, the blast by Democratic chairman Steve Mitchell bommeranged in Jimmy's favor . . . hardest campaigning candidiate in California is George E. Johnson, running for State Treasurer as a Democrat. He has to campaign hard because so many people get him mixed up with Gus Johnson, his Republican opponent. George's slogan is: "The name's the same, but not the candidate."

'Kissin' Jim Is Back

Those who like a little special color in their politics will be glad to know that "Kissin' Jim" Folsom, former governor of Alabama, is back. He won the Democratic party's nomination for a four-year term, and of course that means his election.

Around the country there isn't too clear a recollection as to what kind of governor Big Jim was from 1946 to 1950. Mostly he is remembered for his affinity for the ladies and for being the tallest man in a tall hat at President Truman's inauguration in 1949.

One one of his many forays about the land in the old days, Folsom disappeared from sight just when the press was most anxious to nail him. After hours of frantic hunting ended in futility, one frustrated reporter wrote: "'Kissin' Jim' was 'Missin' Jim' today."

But unless the big fellow has slowed, it may be worth an occasional day of reportorial frustration just to have him on the scene.

No Cause For Laughs

Sen. Thomas C. Hennings, Jr. (D., Mo.), referred to the Army-McCarthy thing in strictly theatrical terms in his speech before the Missouri Young Democratic state convention at Kansas City:

"Of course, in a very short-sighted and partisan way, we Democrats cannot help being amused at times by the season's smash hit, 'The Republican Follies of 1954.' But chuckle as we may, we are always aware, in a grimmer sense, of the harm this slapstick of confusion is doing our nation, both in destroying our unity at home and our prestige abroad. We must see to it that this tragic comedy staged by the Republicans has a short run."

The Readers Write—

Mrs. George F. Chambers (Route 4, Sedalia)— A few weeks ago McLaughlins Furniture Store had a contest running in your paper for the tiredest man in town. I couldn't answer that question but I think I can tell you who the meanest person in town is.

About two weeks ago some one put two little dogs on the railroad tracks and just left them there for the train to run over and kill. But the little dogs got off the track and were slowly starving to death. In throwing them out of the car one little dog was hurt and couldn't get up and the other dog wouldn't leave it. Their cries were heard by Harold Lujen who took food to them for a few days.

Harold had so many dogs he felt like he couldn't take any more so he told my son about the little dogs and as a result we have them. We have cared for them and now they are full of life again. We would like to find a good home for them and if some one wants a nice pet for their child we would be very happy to give them one.

We love dogs and cats but we can't have too many. Our first year in the country we had 17 cats. That's too many cats. It a person doesn't want a dog or cat why not take the animal to the City Pound. You are paying for it and that would be the humane thing to do, not put the little things out where they will starve to death.

We live five miles west of Sedalia. Take the road on the north side of Memorial Park Cemetery running straight west, go two miles. Our name is on the mail box. Phone 5351-W-3.

Ike's Order Barring Access To Schine Talk Is Justified

By Bruce Biossat

Since the matter was brought into the Army-McCarthy inquiry by Army Counselor John Adams, it would be useful if the investigating Senate subcommittee could learn more detail of the talk he had last January with top administration officials on the Cohn-Schine affair. But an impotrant principle stands in the way.

George Washington fixed the principle that it should be in a President's own discretion to decide what executive documents and discussions can properly be handed to Congress in the public interest. Virtually all his presidential successors have stuck to it without change.

It seems thoroughly plain that many executive proceedings and data must be held strictly confidential. Meetings of the high level National Security Council, cabinet sessions and the like cannot be laid out to public or even congressional gaze.

Congress has no more right to ask that than the President has to demand the minutes of closed sessions of congressional committees.

Government business is public business, and the public needs to know how it operates, how important decisions are arrived at, and so on. But that does not mean the public must be privy to all the private advice a President gets from his most intimate official associates, nor that the free-wheeling discussion of men trying to formulate policy must be exposed to view.

No business, public or private, could ever be sensibly conducted if men could not be assured that at least some of their talk and some of their docments were to be kept private.

Mr. Eisenhower decided in this case that the men in question were acting in their capacity as his advisers and that it would be unwise for them to tell the Mundt subcommittee the story of the conference with Counselor Adams.

Among the men present at that discussion were Attorney General Brownell, UN Ambassador Lodge and Presidential Assistant Sherman Adams. All these are known to be key personal advisers to President Eisenhower.

In probably every specific instance, the lawmakers will disagree heatedly with a President who refuses information they seek. They are at liberty to complain and to try to get him to reverse his decision.

(As NEA Washington Correspondent Peter Edson points out, in 1944 the executive did reverse itself. Jonathan Daniels, assistant to President Roosevelt, refused to tell Congress about a feud in the Rural Electrification Administration. After conferring with the President, Daniels changed his mind and told the Senate Agriculture Committee the full story.)

But their recourse really ends there. They cannot compel him to supply what they want. All our Presidents have shown they would withstand that final challenge.

Were they to do otherwise, they would instantly make the executive subservient to the Congress, rather than maintaining it co-equal as the Constitution provides.

Manners Make Friends

Repeating an occasional bright saying of your youngster is fine. But don't bore your friends with always having something cute on tap that Junior said. It must have been a person who had to listen to such anecdotes too often who said:

"One of the most endearing things about babies is the fact that they never repeat all those cute thinks that their parents say."

Most women know better than to ask another woman the point-blank question, "How old are you?" But those who are really curious don't let that stand in their way. They keep asking questions and doing mental arithmetic—until they are able to figure out a woman's age.

Only trouble is, it is so obvious what they might as well ask the forbidden question.

Three months after John Brown had gone to a deal of trouble to do a favor for Bill Smith, they happened to see each other at lunch, and Smith said: "Oh by the way, everything turned out fine on the deal asked you to help me land."

That's being a little too casual about saying thanks. We should be in as big a hurry to say "Thank you" as we are to ask a favor.

While the line grew at the bank teller's window, Mrs. X carried on a long-winded conversation with the teller. He gave her no encouragement—but he couldn't get her to pick up her money and give the next person in line a change to move up to the window without being rude.

Some women just don't seem to know that social conversation doesn't belong in a business transaction.

Tale of Two Cities

The World Today— Muddy Idea of Some Testimony

By James Marlow

WASHINGTON (AP) —The public will have a muddy idea of what is meant unless the senators and principals in the Army-McCarthy hearings get more specific on Communists in defense plants.

Sen. McCarthy repeatedly has spoken about Commies in these plants. He has put the number at 130, and said they are in "dangerous positions."

His statements raise some questions:

1. Does he actually know there are 130 Communists in these plants? He has offered no proof, and has complained these hearings delay public exposure of the 130.

2. Are they in "dangerous positions" in these plants, as he says? What is a dangerous position?

3. And what does he mean by a defense plant — one doing secret work for the government or one making nonsecret trucks and overalls for the government?

Yesterday Army Counsel Joseph N. Welch quizzed McCarthy and Roy M. Cohn, his staff counsel, about these alleged Communists in defense plants. McCarthy says the Defense Department knows about them.

Last night Dr. John A. Hannah, assistant secretary of defense for manpower and personnel, said McCarthy had never directly or indirectly sent him information there were 130 Communists in defense plants.

"If he had sent them to the Defense Department," Hannah said, "I'm sure they would have come to me."

Cohn said the FBI knew about them too. Sen. Jackson (D-Wash) asked Cohn if he didn't think it would be a good idea to send the names to Secretary of Defense Wilson, since that would put Wilson on the spot if he did nothing about them.

Cohn replied: "No. Because I imagine the reply we would get would be: 'These people do not work for the United States government as such. They work for defense plants which do subcontract work for the United States government; therefore, we don't have the jurisdiction to hire or fire these people . . ."

Hannah, some of his assistants, and other officials in the Defense Department were asked last night to explain just what the Defense Department can and cannot do about Communists in defense plants and this was the reply:

There is no law giving the Defense Department the power to order a Communist fired from a plant where it has a contract. It can only tell an employer doing secret work for the government that an employe, considered a security risk, cannot work on the secret project.

Then it's up to the boss to fire him or transfer him to another plant, if he has one. And here are some examples of what the Defense Department can and can't do and the variation in plants.

Say there are four plants named (1) Smith, (2) Jones, (3) Kelly and (4) Murphy. In each of them, the FBI has told the Defense Department, there are 10 men with backgrounds indicating they're security risks.

1. Smith. It makes nonsecret trucks which it sells to the government and the general public. The Defense Department can do nothing about getting the 10 risks out of this plant.

2. Jones. Unlike Smith, which sells to the government and the public alike, Jones works exclusively for the government. But it does no secret work. It just makes overalls. The Defense Department can't force the 10 suspects to be fired.

3. Kelly. In one part of its plant Kelly makes secret material for the government; in another part it makes a commercial product. The Defense Department can insist none of the 10 security risks may work on the secret item or anywhere near it. The boss can give the 10 some other job or fire them.

4. Murphy. This whole plant works on secret items for the government. The Defense Department can insist none of the 10 suspects may work in that plant. Otherwise, Murphy doesn't get the contract. The firm can fire the men or transfer them.

STREET ROD

THE STORY: Ricky Madison's car craze has made itself felt in many ways. At the age of 16, he has spent his savings to buy a car which he is transforming into a hot rod. But his friends still rib him about the machine, for they know that Ricky paid more for the old "junker" than it was worth.

• • •

XII

LINK looked amused, but didn't accept the challenge. "When your car has what mine has, I'll be ready. But I don't feel like wasting gas now."

"That's a new way to chicken out," Ricky said. But he knew Link could run away from him, and he was glad to let the matter drop.

Sherm lifted his head. He saw Ricky for the first time. "Hi, Rick," he said cheerfully. "How's the Connor-Madison Special?"

Link howled, and even Chub and Jerry had to laugh. Ricky didn't answer. Sherm went back to his reading.

Link winked at Chub, and talked to him, but loud enough so Ricky would be sure to hear. "I heard a rumor Connor-Madison was going to customize stock trucks and tractors."

Chub guffawed. "I heard they built a hay baler that can reach three miles an hour in a quarter-mile drag."

"With frenched headlights," Link added.

"And a modified Merc power plant."

"What a bomb!"

Ricky swung around and leaned on the counter. Maybe because he'd known it was coming, it didn't bother him too much. They could rib him all they wanted to, the fact remained that Link was the only one he couldn't outrun on the road.

Link and Chub continued their loud jokes. Trying to be funny, Link got dirty.

Ricky scowled at Link's first dirty comment. At the second he turned toward Link. "All right, Link, take it easy," Ricky warned. He motioned toward Sharon and her friend.

"Look who's getting a pure mind all of a sudden," Link taunted.

"I'm just telling you," Ricky said stubbornly. "Lay off the dirt." He stepped closer to Link. He was a little taller than Link, but Link was heavier.

• • •

THE humor went out of Link's voice. He didn't like to be crowded. Not by Ricky. "Quit trying to throw your weight around," Link said, trying to stare Ricky down. "You give me orders, you'd better be ready to back them up."

"I am ready," Ricky said, meeting Link's stare.

"Aw, break it up," Chub cried.

"Well," Link said.

"Well yourself," Ricky answered.

Link grinned. He brought his left hand up for a quick push against Ricky's chest. Ricky knew that habit of Link's, and was waiting for it. The moment Link's hand moved, Ricky lashed out with his left. But Link's hand didn't touch him. There was a blur of motion in which Link's face moved out of range, and as Ricky's left pawed the air, Link came in over Ricky's lead with a hard right. Link's knuckles met Ricky's chin, and Ricky went down on the seat of his pants.

When he scrambled to his feet, humiliated and raging, Jerry and Chub grabbed him.

"That's all, you crazy fools!" Jerry commanded sharply. He held Ricky back.

"Ricky just needed a little lesson, that's all," Link said. "He's a little free with his orders."

Rick tried to pull away and attack again. "Simmer down," Jerry said disgustedly.

"Let go!" Ricky said hoarsely. "Let go!"

"What's the matter with you, Rick?" Chub asked. "Can't you take a little ribbing?"

"Not from that guy," Ricky muttered.

Link watched them pull Ricky away, and then, the victor in possession of the field, he waved an impudent salute and left.

Sherm finished reading the comic book he had borrowed from the rack and closed it with a sigh. He looked at Ricky and yawned. "You got a cut on your chin, Rick," Sherm said, pointing with a big finger. "You didn't wreck your car, did you? What happened?"

"Nothing, Sherm," Ricky answered.

"That's good," Sherm said. He went to the magazine rack and got another comic book.

Chub and Jerry went out, and drove away.

That left Ricky alone with Sherm—which was like being all alone. Ricky sat with his chin in his hands, brooding over the loss of a dream, and over the loss of the fight.

Ricky was surprised when Sharon took the seat next to him. He'd forgotten all about her. Remembering that she must have seen Link whip him, he felt a surge of shame.

"Thanks, Ricky," she said.

• • •

HE didn't look at her. "I didn't do anything." He looked down sullenly. He didn't want her to get any idea that he had been fighting over her.

"You did a great deal," Sharon said. "You stopped his smutty talk."

"Yeah. With my chin," Ricky said bitterly.

"I like what you did, Ricky," Sharon continued. "You know . . . for some reason a lot of boys go out of their way to talk that way in front of girls. So thanks for what you did."

Ricky looked at her. What ever gave him the idea that Sharon was like a cold statue? Soft brown hair, gray-green eyes that were warm and friendly and bright, the sprinkle of freckles across her nose, and the smile, and that soft lower lip. . . . Why . . . they were old friends!

HOLIDAYS ARE NICE but they certainly can mix a week up for you until you just don't know what day it is. That is what happened this week. What became of the Monday? Two Rotarians showed up for the Rotary meeting Tuesday and were royally welcomed by the Optimist members who invited them to stay for their meeting, which one of them did.— H. L.

THE WOMAN who kept the boarding house was German and a young man who boarded there, who was also German, brought her some fish he had caught.

The woman took the fish and said something that to another young boarder sounded like "Donkey's tail."

The young man laughed and laughed because he thought the lady had called the boy who had given her the fish a donkey's tail. Then he found out he had laughed at the wrong time. The woman had thanked the other boy for the fish in German.—H.L.

SOMEBODY TOLD the man to put long nails down by the stem of his tomato plants so the worms wouldn't curl around the stem and cut them.

That was a good idea, thought the man, so he went downtown, bought some extra long nails and put them down close to the tomato plant stems, just close enough, said the man, for the cut worm to curl itself around the nail, reach over and chew on the tomato stem.—H.L.

AS THE WOMAN started to turn out the gas heater in the fireplace one night she noticed red spots all over the tile in front of it.

"What do you suppose this is?" she asked her daughter.

"I don't know," replied the daughter. "It looks like blood."

It gave them both a creepy feeling and then the mother began to laugh. "I know what it is," she said. "I have been lighting the heater with a red candle because it pops out and I'm afraid to get too close."

And so the mystery was solved. Nobody had been murdered. It was merely the drippings from the red candle.—H.L.

EVERY FAMILY has a few funny things that they vividly remember because they have laughed so much over them. One family recalls an incident that never seems to cease to be funny.

It was back in the days when everybody kept a rain barrel at the side of their house to catch the nice, soft rain water.

The woman secured a new barrel from her grocer and on the side was printed in great big black letters, "Lard."

When members of her family arrived home they found her practically inside the barrel scraping out the lard. She had been scarping lard out of that barrel a good part of the afternoon. There beside the barrel was the lard she had been getting out of it. Hearing her family, she came out of the barrel, which she had turned on its side. She turned the barrel upright and looked at it proudly: "That is sure a nice big barrel," she said, "I wonder what it had in it?"

Her family looked at each other and then all began to laugh. How could she have scraped lard out of that barrel all afternoon, a barrel that had the word "Lard" printed on it in big black letters, and not know what it had contained.

She was just probably too tired to think—but it has been a standing joke in the family many years —H. L.

Woman, 100, Gives Lecture on Art, Shows Own Paintings

CLEVELAND (AP) — To celebrate her 100th birthday yesterday, Miss Lucia Jennison, who had her silver hair curled for the occasion, gave a 40-minute talk on art to 200 women of Lakewood Congregational Church.

She showed about 30 of her water-color paintings of flowers and landscapes. She declined a microphone, saying: "I'm used to speaking in public."

Born in Templeton, Mass., she taught art in Worcester and later Cambridge, Mass., for 40 years before retiring in 1921. She came to Lakewood three years ago to live near her nephew and niece.

Mac-Army Digest...

WASHINGTON (AP)—Here is a brief rundown on the Senate Investigations subcommittee's inquiry into the dispute between Sen. McCarthy (R-Wis) and top Army officials:

The original charges—Secretary of the Army Stevens and Army Counselor John G. Adams accused McCarthy and two subcommittee aides, Roy M. Cohn and Francis P. Carr, of using improper pressures to win favored Army treatment for Pvt. G. David Schine, a a subcommittee aid who was drafted.

McCarthy and his associates in turn accused Stevens and Adams of attempting to use Schine as a "hostage" in efforts to induce McCarthy to halt or divert an investigation of alleged subversives in the Army, particularly at Ft. Monmouth, N.J. They also accused Asst. Secretary of Defense H. Struve Hensel of seeking to discredit the subcommittee.

The subcommittee voted 4-3 on May 26 to dismiss Carr and Hensel as principals.

Pertinent past testimony—Stevens denied trying to halt McCarthy's probe, but testified he did object to methods he said gave a distorted picture. He said McCarthy's aides subjected him to threats of an "exceedingly serious" nature in seeking Army favors for Schine.

Adams testified Cohn threatened that if Schine were sent overseas, Stevens would be "through as secretary" and the Army wrecked. Cohn called this "ridiculous and untrue." Adams said, "The pressure (from Cohn) became extremely hard to bear."

Cohn said Stevens and Adams repeatedly sought to stop the Ft. Monmouth investigation. He said Adams referred to Schine as "the hostage" more often than he used Schine's name, and that Adams once said he would "stop at nothing" to block a subcommittee move to question members of the Army's top loyalty board. Cohn denied Army testimony that he had once "declared war" on the Army when barred from a secret radar laboratory at Ft. Monmouth.

Yesterday's highlights—The subcommittee unanimously okayed a resolution, sought by the Army's Special Counsel Joseph N. Welch and subcommittee Democrats calling on McCarthy to hand over to the Defense Department the names of 130 alleged Communists who, McCarthy said, are now working in defense plants. McCarthy said he would not be bound by the vote, but also said the department was welcome to information in his files.

Cohn, under sharp cross-examination from Welch, denied that the Schine affair was at the bottom of the McCarthy camp's collision with the Army. He said the trouble would have come up anyway because Army officials were determined to stop their loyalty board members from being questioned by the McCarthy subcommittee.

GOES OVERSEAS — Pvt. George Irey Jr., whose parents live in Fortuna, is enroute to Europe after completing his eight months basic training and engineering and leadership school at Ft. Leonard Wood. He is a graduate of Tipton High School. He attended Central Missouri State College for one year and Southwest Missouri State College for another year before entering the service.

Uses Strong Measures To Douse Auto Blaze

LAKE DALLAS, Tex. (AP)—When his car, garage and house caught on fire Monday, Dub Brown of this lake-edge community pulled the car out of the garage by attaching a tow chain to a truck and backing up. He then extinguished the house and garage fire. Using the truck again, he pushed the burning car into a pond.

He's pretty sure the fire is out because the car is still six feet under water.

Will Deliver Paper Route by Airplane

CRESTVIEW, Fla. (AP) — The weekly Okaloosa News Journal plans to take to the air June 24 to deliver its special Progress Edition to rural subscribers.

Editor James Hopkins said yesterday the newspaper would drop about 2,000 copies from a chartered plane flying as low over each farmhouse as is safe and legal.

Michigan Wages War Against Gypsy Moth

LANSING, Mich. (AP)—Michigan set aside $150,000 today for an all-out attack on the gypsy moth.

The state department of agriculture tomorrow will start an aerial DDT spray over 104,960 acres of city and farm land in central Michigan. The moth, damaging to trees and shrubs, was found in the area two weeks ago. Officials said the pest had not been reported west of Pennsylvania before the Michigan invasion.

Sedalia Hog Market

Many rumors regarding the Sedalia Hog Market operated by

Geo. S. Hess & Co.

at the

MISSOURI PACIFIC STOCKYARDS

have been going the rounds. We want to clear this situation once and for all time.

One rumor is that we are going to pull out and quit buying hogs at Sedalia. Another is that the railroad is going to tear down and abandon the yards. Perhaps the wish is the father to the thought.

We have no intention of pulling out of Sedalia, as it is one of our best points. There will always be a stockyard at Sedalia.

And one more announcement—

LEONARD DITZFIELD

is now manager and buyer for us. I am sure most everyone knows Leonard. You will find him pleasant, courteous and striving to please you at all times.

OUR ORDERS WERE NEVER BETTER

Every week we are short many hundreds of hogs. We have the shipping outlets and we'll try hard to buy your hogs.

A GOOD EXAMPLE

Tuesday, June 1st, we bought over 1,000 hogs and could have used more. Think of the very great advantage to the farmers who did sell Tuesday at Sedalia, where we bought over 300 hogs. Had they been forced to ship to the open market, for Wednesday, they would have found the market 75c to $1.00 per cwt. lower.

There are many advantages in selling to Geo. S. Hess and Company—the largest buyer and shipper or hogs in the interior of the state.

Come in and visit with us. Phone at any time for our quotations before you sell or ship anywhere.

We do appreciate all the past business we have enjoyed and hope to increase our buying considerably as we have more and larger orders from 14 states.

Tribe Comes Back to Beat The Yankees

By BEN PHLEGAR
AP Sports Writer

It looks more and more as if this Cleveland team really means business.

The Indians frankly admit they like it up on top of the American League standings and they're willing to fight to stay there.

Last night they fought and won their toughest battle so far as they beat the New York Yankees 8-7 in a 10-inning struggle at Yankee Stadium after the Yanks had jumped off to a 7-0 lead in the first inning.

A home run by Bobby Avila tied the score in the ninth and another homer, this time by Al Smith, broke it up. What made the comeback even more amazing was the sensational relief pitching of five Indian hurlers who held the Yankees hitless for nine full innings after a six-hit splurge in the first.

Balance was the payoff last night. Al Rosen, the league's most valuable player who is having a great year, ran into an off night. But Avila and Larry Doby took up the hitting slack with three hits apiece.

Early Wynn, normally one of the club's top pitchers, couldn't get a man out. So his relief followers mopped up in almost perfect fashion once the first inning was over. The victory went to Hal Newhouser, who finished with three hitless frames.

By winning, the Indians pulled two games in front of the Chicago White Sox, who bowed 5-2 to Boston. Baltimore pushed Philadelphia into the league cellar with a 9-1 decision. Washington defeated Detroit 7-2.

Brooklyn took first place in the National League by one game over the Milwaukee Braves as they sloshed to a 7-6 decision against the Braves in five innings that consumed more than four hours, including two lengthy delays because of rain. Philadelphia beat Cincinnati 7-0. It was too cold for Pittsburgh and the Cubs in Chicago and too wet in St. Louis for the Cardinals and New York.

Sandy Consuegra had piled up five straight victories but he ran into a storm in the very first inning at Boston. The White Sox right-hander was battered for four runs in the first and his mates couldn't get even against rookie Frank Sullivan and veteran Ellis Kinder. Jackie Jensen's two-run triple was the big blow of the Red Sox' first.

Joe Coleman got another chance to taunt his former teammates as he registered his fifth victory for Baltimore and his second straight over the Athletics. The Orioles clubbed 14 hits, equalling their best total of the season. Clint Courtney's three run homer climaxed a six-run rally in the eighth.

Eddie Yost of the Senators played his 700th consecutive game, the longest streak since Lou Gehrig of the Yankees ran up his total of 2,130. The occasion was a successful one for the Senators, who hopped on Steve Gromek for six runs in the first four innings for an easy victory over Detroit.

Curt Simmons of the Phillies scattered six Cincinnati hits in winning his second shutout and his fifth game. He's been beaten four times.

The Milwaukee game was held up for 1 hour and 31 minutes at the start of the third with Brooklyn ahead 2-1. The Braves went ahead 6-2 in the last of the fourth on Eddie Mathews' grandslam home run.

With the rain coming down it looked as if all the Braves had to do to pick up the victory was to get three Dodgers out in the fifth. But before they could, they had made two errors, Brooklyn had added three hits and had scored five runs to take the lead.

Time was called again after five innings but the game was called without further play.

Inter-League Schedule May Come in 2 Years

MILWAUKEE (AP)—The chances of the major leagues adopting an interleague schedule for at least two years are slim, but Brooklyn President Walter O'Malley says he is "very much in favor of the plan."

"I understand it's high on the agenda for the league meetings at All-Star time in Cleveland," O'Malley told newsmen last night. "I think it would be a great stimulus to baseball, particularly at the box office."

The proposal was made originally by Hank Greenberg, general manager of the Cleveland Indians. Greenberg suggested each National and American League team play two games yearly in interleague competition.

"The chances of doing anything on it before 1956 are pretty slim," O'Malley admitted, "but when we get around to talking about it at Cleveland next month I'll be a booster."

The Brooklyn president said he thought a 156-game schedule, two more than now played by each league, might be the answer. That would mean trimming the present schedule in each circuit to 140 games—20 games against each team—and adding the 16 necessary to permit the eight teams in the two loops to meet twice.

Texas U. Is Dropped From College World Series Wednesday

OMAHA, Neb. (AP)—Half of the eight-club field for the national College World Series opening here June 10 had qualified today—and Texas University will be missing for the first time in the past eight years.

Oklahoma A&M knocked Texas out Wednesday by taking the third game of a playoff series, 16-12, on the strength of two five-run innings, the second in the top of the ninth at Austin.

Other teams qualified are Missouri, Big Seven Conference champion; Michigan State, Big Ten champion, and Oregon. The other four teams will be decided in playoffs running into the first of next week.

They Laughed When Musial Went to Bat

NEW YORK (AP)—Stan Musial's spectacular slugging is no surprise now but there was a time when baseball people wondered how he could even hit the ball.

When Stan joined the St. Louis Cardinals on Sept. 17, 1941, veteran observers took one look at the apple-cheeked, 21-year-old youngster's stance and gaped in wonderment.

Leo Ward, the Redbirds' efficient traveling secretary, smiled when he recalled the first time he saw Musial face an opposing pitcher.

"All I could think of then," Ward said, "was how the heck was he ever going to hit the ball?

"We were playing Boston and Jim Tobin, a canny knuckleball pitcher was on the mound," Ward recalled. "Stan appeared to be knotted up like a pretzel as he faced him the first time. I remember he managed to hit the ball but raised a little pop fly to the third baseman for an easy out.

"Two innings later, Musial again came to bat. There were two men on base. Tobin threw him another knucker, the same as the other. This time Musial rifled the ball against the right center field concrete for a double to score both runners. We won the game 3-2."

Musial's stance in unorthodox. Before squaring off on the left side of the plate, he limbers up with a hula-like motion, bat held above his head, hips and shoulders waggling. It never fails to draw a laugh from the crowd, especially on Ladies' Day. But it helps loosen him up and opposing pitchers do not laugh. Before the pitch, he goes into a crouch in the far outside corner of the batter's box, stands motionless as a statue, his feet close together, knees bent, body slanted forward.

Ted Lyons, the former great pitcher now a coach with Brooklyn, once aptly described Musial's stance this way: "He looks like a kid peeking around a corner to see if the cops are coming." But even from that unusual stance, Musial can reach for an outside pitch and line it into left field, rifle it through the pitcher's box or he can meet a close-in pitch and pull it to right.

Musial chuckled when the subject of his batting stance was brought up.

"It looks awkward, doesn't it?" he grinned. "I don't exactly know where or when or how I started hitting that way. I think I picked up the crouch when I first came up to the big leagues. I know I was a standup hitter in Springfield (Mo.), and Rochester (NY). I made changes in my stance as I went along. I did that in order to get a better look at the ball . . . to protect the plate better."

Santee Looks To New Mile Mark Out West

LAWRENCE, Kan. (AP) — "If you hooked Bannister onto the Twentieth Century Limited he couldn't beat Santee."

It was cocky Wes Santee talking just before the ace University of Kansas miler took off today for California and another crack at the 3:59.4 mile mark set by England's Roger Bannister last month.

Santee, who often refers to himself in the third person and who owns the second fastest time ever recorded in the mile, 4:01.3, added:

"Bannister ran his super mile without pressure. There'd be pressure if guys like Barthel and Santee were in the race."

Santee referred to Josy Barthel of Luxembourg, the 1,500-meter Olympic champion whom he hopes to meet in the mile at the Los Angeles Coliseum relays June 11.

Santee runs the mile at the Compton Relays tomorrow night and the 880 at Stockton Saturday night.

"I consider Barthel the world's No. 1 miler," Santee said. "Barthel won in the Olympics. Bannister was an 'also ran' and Australia's John Landy failed to qualify for the finals."

Santee says he's confident he can beat "any and all comers in a mile foot race."

He wants it known he believes in running "all comers, regardless of the possibility of losing the race."

"California weather and track fans are just right for championship running," Wes offered. "I intend to run extra fast on the coast before going into service."

Santee, who will join the Marines about June 13, ran his 4:01.3 mile in the Missouri Valley AAU meet at Mission, Kan., last Saturday. He's been pointing his training towards the final California events.

The ever confident lad from an Ashland, Kan., ranch says he's in good condition for "fast clockings" on the Coast. He says he's never felt better.

At Compton, Santee expects a "heck of a fast race" with Ingvar Eriksson of Sweden and Russ Bonham of Whittier (Calif.) College.

Mal Whitfield, the Olympic champion at 800 meters in 1952 and one of the world's fastest half milers, should be most worthy competition at Stockton.

Berthel has not yet been entered for the June 11 meet. Bannister has indicated he is out of competition for some time.

Santee was to be accompanied to Los Angeles today by his coach, Bill Easton.

Sen. Johnson Denies Disagreeing With High Court Baseball Ruling

WASHINGTON (AP)—Sen. Edwin C. Johnson (D-Colo) denied today that he had ever disagreed with the Supreme Court's decision saying baseball is not subject to the anti-trust laws.

The Associated press erroneously reported on May 27 that Johnson had voiced such disagreement.

"Most emphatically I have never been in disagreement with the Supreme Court baseball decision," Johnson said. "Many times I have hailed it in strong terms as a lifesaving decision for baseball."

Will Ask Competitive Bids on Towing Cars

ST. LOUIS (AP) — The Board of Police Commissioners says it will call for competitive bids for the towing of illegally parked cars on St. Louis streets.

Many motorists have complained that the per-car charge of $6.80 is too high.

I. A. Long, board president, said yesterday that the bid call was being made because the board was hopeful of getting a better figure in view of the recent rise in the number of towns.

Nelson Service Co. is now dooing the towing under a contract which expires July 1. E. G. Schmitt, president of the firm, said his company will submit a bid.

Chet Dooley Newest Threat In Car Races

When the modified stock cars resume competition this Thursday night at Sportsman's Speedway, Marshall, one of the regular competitors will be eyed with new respect by many fans. Chet Dooley, Marshall driver of the No. 69 Chevrolet, turned in one of his best performances over the Decoration Day weekend at Riverside Stadium in Kansas City.

Out of a field of 35 cars, comprising some of the fastest in the area, with plenty of "hot pilots" in the competition, Dooley qualified 11th, turning in the fastest time of any non-Ford driver. In the 25-lap main go, Dooley finished a strong seventh, out of a starting field of 18.

Chet, along with Harold Cromley, are Marshall's two main hopes of stopping the streak of wins by Kansas City drivers. So far, the features have gone all one way, with Judd Larson and Junior Howe copping one each, Scotty Scovill two.

Time trials for the seven-event program will begin at 7:30, with racing set for 8:30. Sportsman's Speedway is located on highway 240, one mile east of the Marshall city limits.

Western Open Opens Today With 131 Players

CINCINNATI (AP)—The Western Open Golf Tournament, an affair that dates back to 1899, opened here today and predictions were that a 10-under-par 274 would be good enough for the title.

A field of 131 players was listed to start the four-day grind over a Kenwood Country Club course in the battle for $15,000 worth of prize money.

Ben Hogan and Sam Snead failed to enter but except for them the field included virtually all the nation's other top stars.

The chase for the championship looked like a wide-open affair but such stars as Lloyd Mangrum, Niles, Ill., a former National Open and Western champion; Julius Boros, Mid-Pines, N.C.; Johnny Palmer, Charlotte, N.C., winner of last week's Colonial Invitational; Ted Kroll, New Hartford, N.Y.; Tommy Bolt, Houston, Tex.; Doug Ford, Yonkers, N.Y.; Jack Burke Jr., Kiamesha Lake, N.Y.; and Art Wall Jr., Pocono Manor, Pa., were mentioned as the major threats to defending champion E. J. (Dutch) Harrison, Ardmore, Okla.

Carter Defeats Riley, Looks Now to DeMarco

ST. LOUIS (AP)—Ring-wise Jimmy Carter of New York, displaying a power-packed attack in his second-round knockout of Charley Riley, stands ready today for an earlier return bout with lightweight champion Paddy DeMarco.

The 30-year-old Carter, two pounds over the lightweight limit at 137, rocked Chillin' Charley with four jarring rights to send the St. Louis campaigner down for an eight count and then finished the fight with a blazing left hook to the jaw last night. Riley weighed 133½.

Riley was counted out in 2:39 of the second round in the televised bout from the St. Louis Arena.

Willie Ketchum, Carter's manager, said after the fight:

"We are going back to New York and I'm going to see if I can't pin down DeMarco's handlers for an earlier shot at the title. If we can't get one without too much time elapsing I want to get Carter some more fights to keep him in condition for the title bid."

LaMotta Announces Retirement From Ring After Comeback Try

MIAMI, Fla. (AP)—Former middleweight champion Jake LaMotta, who started a comeback after retiring 18 months ago, says he is through fighting.

"I'm tired and I'm through making excuses to myself," he said yesterday in announcing his retirement from the ring.

"I haven't any pep. I've been telling myself it's the weather and I've been working too hard. It's time to quit and nobody knows it better than I do."

LaMotta, who won the middleweight title from Marcel Cerdan in 1949 and lost it to Sugar Ray Robinson in 1951, was scheduled to meet Ernie Durando in a nationally televised fight at the Miami Beach Auditorium Wednesday night. Billy Kilgore of Miami replaced him.

Farm Funds Bill Approved By the Senate

WASHINGTON (AP) — An annual farm funds bill carrying $1,083,351,971 — some $109,108,978 more than President Eisenhower asked —won Senate approval late yesterday.

A voice vote sent it back to the House, which probably will send it to a senate-House Conference Committee to adjust differences.

These involve more than a score of Senate increases totaling about 40 million dollars and two cuts of about 1½ millions in funds voted by the House.

Most of the Senate floor maneuvering yesterday centered around a 35-million boost in new loan funds for the Rural Electrification Administration. That agency makes loans to extend and improve electric and telephone service to farms, chiefly through cooperatives.

President Eisenhower asked only 55 millions of new funds for REA loans. The House upped this to an even 100 million dollars.

The Senate Appropriations Committee recommended this figure and Republican Senate leaders battled in vain to block the extra 35 millions, saying it was not needed and could not be used.

Sen. Douglas (D-Ill) led a nearly solid line of Democrats to approve the extra 35 millions by a 42-40 rollcall.

The bill provides funds for the Agriculture Department for the fiscal year that begins July 1. The Senate version carries more than 725 millions of new cash plus 358 millions of new loan authority. Eisenhower had requested slightly less than 699 millions cash and 265½ millions of loan authority.

Springfield Man Dies During Train Trip

ST. LOUIS (AP) — Matthews S. Prater, 65, of Springfield, Mo., died of an apparent heart attack yesterday while on board a Pennsylvania Railroad train en route from Indianapolis to St. Louis.

Prater, who boarded the train at Indianapolis, was the father of Dr. B. G. Prater, resident physician at Barnes Hospital here. He had asked to be awakened when the train reached the outskirts of St. Louis, but could not be aroused.

When the train reached Union Station, Prater was taken to City Hospital where he was pronounced dead.

IRON NERVES AND A STEEL CABLE—Italian Alpine Club rescue team captain Helmut dangles from one of the two steel shafts forming the rigid frame of a rescue bag as an "injured" Alpine mountain climber is lowered from the terrace on which he was "trapped." The bag is attached to a thin steel cable affixed to a pulley arrangement on top of the mountain and attended by a member of the three-man rescue team. This test of skill took place last week at Trent, northern Italy, as rescue teams throughout the Italian Alps prepare for the real thing. (AP Wirephoto)

Mansion, Its Barns, Other Buildings, Becomes a School

PAINESVILLE, Ohio (AP)—A little northern Ohio school district has turned an unused mansion into the answer to its need for a new school.

For $150,000, Willoughby-Eastlake — with a combined population of about 13,000 — bought a 20-room mansion, complete with a $50,000 pipe organ and six fireplaces. It is on a 135-acre site that includes four barns.

Three months from now the mansion will be the elementary school for about 250 youngsters. There will be nine classrooms.

The biggest barn will be a warehouse and someday may become a gymnasium. High school classes in industrial arts will be held in two other barns, which will become shops, and the four-car garage will house an automotive-arts workshop.

Greenhouses and kennels will be biology and botany laboratories. The vast mansion kitchen, with its three pantries, will be headquarters for the dietitian who serves all district schools. The 50-cabinet linen room will be a storeroom. The lily pond will become a sand pile.

Nobody has yet figured out just exactly how to use the pipe organ, complete with chimes, so it will remain undisturbed in its first-floor room.

The entire remodeling cost will be around $50,000, school officials say, and the result will be a facility worth $300,000 without counting the land that may someday provide sites for three more schools.

The property was the estate of Mr. and Mrs. Stanley W. Tucker. Mrs. Tucker died March 23, 1953; her husband 10 years earlier. She bequeathed the estate to Western Reserve University, which sold it to the school board.

Briton Wants Oppenheimer For Atom Work

LONDON (AP) — A Labor member of Parliament announced today he would ask the Churchill government to invite Dr. J. Robert Oppenheimer, American atomic scientist, "to place his knowledge at the disposal of this country."

Henry Hynd, a middle-of-the-road Laborite, said he would put his question in the House of Commons June 15 to the minister of works, whose department handles atomic development here.

The announcement came as British newspapers of varied political hues discussed the 2-1 recommendation of the U. S. Atomic Energy Commission's special security board that Oppenheimer should not be cleared to handle American atomic secrets.

The independent Times said editorially the decision "poses an alarming question — can science and indeed other skills where they touch the safety of nations be served only by the equivalent of Soviet man, disciplined, doctrinaire, devoted narrowly to a single goal of power?"

The Liberal News Chronicle said editorially, "America has not much to be proud of in its treatment of Dr. Oppenheimer. He seems to have become victim not so much of blind anti-Communist phobia as of a curious witch hunt against men of ideas." It added there is "too much of this sort of thing in American life just now."

About 40 tons of steel reinforcing bars are used in a mile of two-lane concrete highway.

Sikeston Man Is Hurt Fatally by Train

SIKESTON, Mo., (AP) — Jim Wood, 68, of Sikeston, died in a Sikeston hospital yesterday about three hours after he was struck by a Mississouri Pacific freight train at a U. S. 61 crossing.

Wood was dragged about 25 feet by the train.

Jack Gorman of Poplar Bluff, engineer of the train, said Wood walked in front of his slow-moving train and he had no chance to stop before hitting him.

True Fish Story

COURTENAY, B. C. (AP) — James Robertson Jr., 12-year-old fisherman, wasn't fooling when he told about his "big" catch. He was fishing for cod off the jetty at Goody Spit here when he hooked an eight-foot octopus. The creature was landed with the help of Jimmy's father and a friend.

Woman Loses Money For Son's Gravestone

ST. LOUIS (AP) — Mrs. Mary O'Mara had $670 to buy a marker for a son's grave and pay her bills.

The money, mostly in $20 bills, was pinned inside her dress. It slipped out yesterday and she didn't notice the loss until she got home.

By then, the wind had scattered most of the currency.

"When I found it was gone," she said, "I got all excited and rushed out and saw a $20 bill flying down Clarence Avenue and I got that one and another one at the corner. Then some other people found some."

At last count, the 64-year-old widow had recovered only $160.

Many a fellow has got by on poor English if his Scotch was good.

Secret Meet To Discuss Names List

WASHINGTON (AP)—Sen. Mundt (R-SD) called senators investigating the McCarthy-Army row into secret session today to consider what to do about the names of 130 persons McCarthy describes as Communist employed in sensitive defense work.

This is story on yesterday's hearings For today's story see page 1.

The meeting was scheduled as a prelude to this 26th day of televised hearings into the accusations which Sen. McCarthy (R-Wis) and high Army officials have flung at one another.

The Senate Investigations subcommittee voted unanimously late yesterday to recommend that the Wisconsin senator and his chief counsel, Roy M. Cohn, turn over to the Defense Department the 130 names. McCarthy and Cohn have said that many subversives are employed in private defense plants doing sensitive government work.

McCarthy insisted such action would do no good—that the way to get rid of the 130 is to expose them at public hearings by the subcommittee, which he normally heads. He has stepped off it while it probes his row with Army officials.

Mundt, presiding over the hearings, said he would lay before his colleagues also a demand by Asst. Secretary of Defense H. Struve Hensel that the subcommittee make public the transcript of a closed subcommittee session May 17. Hensel says he understands that record will show McCarthy conceded he had nothing to prove charges against him.

Last week the subcommittee voted 4-3 to dismiss as principals to the dispute Hensel and Francis P. Carr, McCarthy's chief of staff. McCarthy said then he was not retracting his accusation that Hensel sought to discredit his subcommittee. He did not object to dismissal of the charges, however.

McCarthy whose differences with the Eisenhower administration have been building up during the hearings, tangled yesterday with another official, Director Allen Dulles of the Central Intelligence Agency (CIA).

He spoke of "Communist infiltration of the CIA" and said "it disturbs me beyond words."

Dulles, a brother of the secretary of state, replied in a statement that the charge was false. He said he had written McCarthy last Oct. 22 asking for any information the senator might have on CIA personnel but had "not had a word from him on that subject."

McCarthy mentioned also Communist infiltration of atomic and hydrogen bomb plants but said he had been persuaded, somewhat against his judgment, not to conduct an investigation. The Atomic Energy Commission had no comment.

The hearings are supposed to determine whether it is true, as charged by Secretary of the Army Stevens and Army Counselor John G. Adams, that McCarthy and his aides employed improper pressures to win Army favors for Pvt. G. David Schine, a subcommittee aide drafted last Nov. 3.

The McCarthy camp has disputed the accusations and in turn accused Stevens and Adams of using Schine as a "hostage" in efforts to sidetrack McCarthy's hunt for subversives in the Army.

Yesterday's session wound up in a long argument over the 130 names, with Democratic members and Special Army Counsel Joseph N. Welch urging McCarthy and Cohn to turn them over to government officials.

Welch urged Cohn "before the sun goes down" to turn the list over to the FBI, and perhaps "nudge" its agents a bit so that the 130 persons "may at least be put under surveillance."

Cohn replied that the FBI knows about all 130 already.

"Well then, what's all the excitement about?" Welch asked.

McCarthy has contended repeatedly that the current hearings are delaying his efforts to root Communists out of defense plants.

With Cohn's backing from the witness chair yesterday, McCarthy argued that the FBI and the Defense Department lack authority to force the dismissal of security suspects from factory jobs. He said such persons must be exposed at public hearings so their civilian bosses can fire them and make it stick.

McCarthy appealed anew for authority to hold night and weekend hearings on the subject, while the McCarthy-Army sessions are not actually under way.

At Welch's direction, Cohn read off a list of cities in New York state and Massachusetts where, he said, the 16 defense plants are located.

Cohn rejected Welch's suggestion that he turn the names over to the Defense Department, saying the McCarthy investigators have had enough of what he termed "double talk and long delays" in dealing with the department.

After the subcommittee voted to recommend that the names be turned over to the Defense Department, McCarthy told newsmen he would have an aide phone the department to send someone to see him and get the list, but he added:

"It's sort of a useless gesture. . . . because the security officers, I am sure, already have as much information as we do on Communists in defense plants."

Many of yesterday's exchanges were pretty serious, but Welch had the capacity crowd laughing several times with humorous thrusts in his cross-examination of Cohn.

Cohn protested several times that Welch's questions didn't seem funny to him—that the Army counsel was jesting about serious matters and casting reflections on the subcommittee staff.

McCarthy used several of his questioning periods to express opinions and ask Cohn whether he agreed. Referring at one point to a White House statement claiming credit for strides in rooting Reds out of the government, the senator said that while the administration is "heading in the right direction, we may have had some question about the speed with which they were moving."

Cohn testified that whether Schine had been in the picture or not, there would have been "a collision" between McCarthy and the Army officials over the issue of requiring testimony from Army Loyalty Review Board members.

He predicted a collision again, after these hearings are over, if the subcommittee goes ahead with its plans to subpoena board members in the face of White House directives forbidding testimony to congressional groups on security matters.

The 27-year-old Cohn, who said he gets more income from his New York law firm than his $11,800 annual subcommittee salary, said he had never represented Schine in legal matters. Nor, he testified, did he ever represent any of the Schine family's vast hotel and theater interests.

WELCH AND COHN TALK IT OVER—Army Counsel Joseph Welch, left, and Roy M. Cohn talk at the same time, with gestures, just prior to a session of the McCarthy-Army dispute hearing in Washington. Welch cross examined Cohn vigorously, insisting time and again that Cohn say who gave orders to G. David Schine when the latter was a member of the Senate Investigations Subcommittee staff. how mohair† contributes to your smarter appearance in PALM BEACH* suits

Every year, millions of men wear Palm Beach suits . . . and owe their day after day good looks to the mohair in them. This famous fiber, spun from the wool of the Angora goat is lively and springy. It's what gives Palm Beach suits their wrinkle resistance. When encased inside smooth rayon, acetate and nylon, the springiness is retained, but you also get cool smoothness. Add to this mohair's ability to be woven into a fabric that takes tailoring to perfection, and you see how mohair in Palm Beach suits contributes to your smarter appearance. Choose from a wonderful wide selection of colors.

Extension Club Clothing Leaders Training Meeting Tuesday, June 8 at 1:30 p. m., First Methodist Church, 4th & Osage, Sedalia, Missouri.

Miss Orene Cowan, Clothing Specialist will present the lesson "Our Feet and Their Care". Also, the film "The Walking Machine" will be shown.

I visited the Prairie Ridge Extension Club May 26. This club has selected a very worthwhile project to use as their exhibit for County Achievement Day. This is a good idea to pass on — Has your club selected a lesson to illustrate some special project or lesson carried and during the club year? Achievement Day is not until October but it is not too early to be thinking about your exhibit.

State 4-H Club Week is June 14, 15, 16 and 17. Eleven boys and girls from Pettis County will be going to Columbia for this meeting.

Extension Club County Council Constitution and By-Laws Committee will meet Friday, June 18 at 2:00 p. m.

I will visit the Quisenberry Extension Club June 23.

The month of June is National Dairy Month.

How's Your Milk Batting Average?

If you're an adult, 3 cups of milk a day gives you a perfect batting average! Children need 4 cups a day. Adolescents can bat up to 6 cups a day, of course, it's best to eat some as cheese, ice cream, etc. This daily intake helps you run with ease through each base in life—childhood, adolescence, middle age, and old age. For within each cup of milk, is found high quality protein, calcium, a generous amount of riboflavin, vitamin A, and phosphorus. All of these nutrients are needed to keep the body functioning in top condition.

Milk is our best source of calcium! In fact, no one can eat enough of the other common foods to fill his need for calcium. A healthy man or woman each day needs the amount of calcium found in three glasses of milk (.8 gram). The calcium will be present in the milk foods such as cheese, ice cream, and cooked dishes as well as in beverage form. Calcium is always at bat for you performing important functions in healthy heart action and maintaining muscle tissue as well as building and maintaining strong bones and teeth.

Money spent for milk, the most perfect food, gives big returns! Where else could you get so much for the money you spend. At present prices milk costs between 35 cents and 41 cents a half gallon, which is the popular size. This means your perfect batting score of 3 cups daily can cost as little as 13 cents (about 4 cents per cup). This is a magnificent accomplishment of the people in the business of producing, processing, and distributing the daily milk supply. Penny for penny, you can't beat a bottle of milk!

According to the United States Department of Agriculture nutritionists, many Americans have low milk intake. There are five groups that seem to be the major offenders, for several different reasons.

1. Low income families.
2. Institutions watching food costs.
3. Families on non-milk producing farms.
4. Women (particularly of older women).
5. Calorie counters (adults and teen-agers).

The reasons for this is economic, inconvenience and lack of educational information about milk's value.

Dried Skim Milk Has Many Uses

The homemaker who is on a limited budget and yet wants to be sure her family gets enough milk and milk products for the calcium they need might supplement her supply of fresh milk with dried milk. For this good food can be used in many ways and skim milk made from the dried powder costs only 7 to 12 cents a quart.

You can use dry milk in most recipes that call for fluid milk just by substituting the powder and water for the regular milk. Using dried milk simplifies the making of yeast breads for you do not need to scald milk made from the dried product.

Dried skim milk is especially valuable in making white sauce for use in various main dishes such as creamed egg, fish or meat, cheese souffle, croquettes, or in a cream soup.

In baked products, use your regular recipes. Substitute one-fourth cup of dried milk and one cup of water for each cup of milk listed in your recipe. Add the dry milk to the flour, then just add the water when the milk would be needed. Make simple desserts using milk such as custards, puddings, pie fillings, and refrigerator desserts, in the same way.

Non-fat dry milk can be shipped. That's why it is easy to use in making desserts, ice creams and chiffon pies. For a stiff whip, beat together about equal amounts of dry milk and water. Of course, before whipping, chill the milk and water mixture to shorten the beating time.

You can make the whipped milk more stable by adding, before beating, a small amount of an acid such as lemon juice, or a stabilizer such as gelatin.

Dishes made from this whipped milk are lower in calories than similar ones made with whipped cream.

When used as a topping, whipped dried milk needs to be flavored.

How Do You Choose Your Shoes

Had you ever stopped to think that you have quite a responsibility when it comes to encasing your feet in shoes? When we are young and slim, we have little foot difficulty. It takes from five to ten years of adult weight and incorrect shoes to weaken the normal foot. But we can avoid discomfort and actual harm to our feet if we learn to choose shoes that are right for our feet.

Weight distribution is our main concern. The heels should carry 60 per cent of the body weight, the outside of the foot 30 per cent and the inside of the foot 10 per cent. Too much weight thrown on the inner half of the foot causes inward bulging ankles and weak long arches. Too much weight forward causes weakness in forefoot and anterior arch.

Just because a shoe has a low heel, broad cap and square toe is no guarantee that it is right for the foot. It may not conform to the real architecture of the foot or to the mechanics of foot movement. In choosing the correct shoe, keep these points in mind:

The shoe must not pinch or distort the foot, and must permit full activity of foot muscles.

The shoe should have a strong built-in shank (for walking on concrete, a rigid one).

There should be ½ inch between the end of the large toe and end of shoe when you stand.

There should be no pressure on top of toes and the width of shoe should measure the same as width of foot.

The ball of the foot should be over the widest part of the shoe's sole. To find where the ball rests, raise the heel. The bend of the sole should come directly under the great toe joint.

The heel should fit snugly. For everyday wear, ¾ to 1½ inch is practical.

If shoe is laced, there should be a gap at base of lacing and over the tongue for adjusting. Elastic over top of foot should not be too tight. Shoe soles should be flexible and thick enough to cushion the feet, thus eliminating shock.

Courting Stick May Solve Teen-Ager's 'Phone Monopoly

By HAL BOYLE

NEW YORK (AP)—If your teen-age daughter is hogging the telephone in long talks with her boy friends, why not solve the problem by buying her a courting stick?

The time seems ripe for a revival of this communication tool of lovers, popular in old New England.

An antiquarian friend of mine, doing research on old marriage customs for the 50th anniversary of the Fuller Brush Co., which distributes cosmetics and brushes, said:

"Television has made the courting stick eminently practical again in the average American home."

What is a courting stick? Well, in colonial times it was a hollow wooden tube 6 to 8 feet long. Sternly chaperoned lovers could sit on opposite sides of big fireplaces and whisper romantic nonsense back and forth, unheard by other members of the family.

While the courting stick, the forerunner of Alexander Graham Bell's invention, would seem to fit well in the television age, another old colonial courting custom now has few firm friends left at all, and why, I don't know.

That is the practice of bundling. This was an old New England boy-meets-girl formula designed to save papa's firewood bill.

The fully clad lovers, covered by quilts and separated by a wooden partition, lay propped up side by side in a bed as they discussed the local corn crop, ethics, and other interesting topics, shivering as the fire sank lower.

Some historical scholars claim that this depressing form of cold weather courtship is directly responsible for the settlement of the West, the discovery of gold in California, and the invention of air conditioning. Others say it only resulted in the spread of marriage and the common cold.

Whatever the merit of these conflicting claims and accusations, the arrival of the motor car and the movies and the growth of skiing as a sport gradually turned New Englanders away from home bundling.

Courtship and marriage this June month of weddings is far easier in many ways than it was in colonial times.

In Maryland, for example, I understand that bachelors, light wines and billiard tables are no longer bracketed together for tax purposes to pay the cost of the war against the French and Indians, as they were in 1756.

Girls, even those rascally girls who lead a man on with false promises of wealth, have it easier today. Men who had been "shabbed"—their word for jilted—in colonial days didn't hesitate to bring a breach of promise suit.

A male fortune hunter then was known as a "journeyman gentleman." Both men and women took the view that a mate with money wasn't necessary a lifelong handicap.

A pioneer matrimonial advertisement by a sensitive journeyman gentleman in the Boston Evening Post of Feb. 23, 1759, listed these endearing demands:

"Any young lady between the age of 18 and 23, midling stature . . . regular features and a lively brisk eye: Of good morals . . . possessed of 3 or 400 pounds. . . ."

In those sternly masculine times, a healthy husband might well outlive two or three succesive hard-working wives. A girl unmarried at 25 was regarded as a spinster.

Yet there somehow were still so many widows around that a singular law prevailed from New England to South Carolina. It provided that a man taking a widow as his wife was responsible for her former husband's debts unless she married him on the king's highway clad in her chemise.

This was roughly equivalent to saying an eager widow couldn't win a thrifty man unless she was willing to marry him in public view in Times Square wearing only a petticoat.

Naturally it is easy to see why this law flopped. Even in those days they already had enough traffic jams.

Mr. and Mrs. Mike Wray and family of Mexico, Mo., spent the Memorial weekend with Mr. and Mrs. Joe Wray.

Merlin Warnke, athletic coach of Stover High School, will enroll at CMSC, Warrensburg, for the summer term.

Missouri Shows First Decrease In Road Deaths

Missouri Highway Patrol records indicate that motorists are getting smart. There has been a definite decrease in highway fatalities after five months this year compared to the first five months of last year. Approximately fifty less lives have been taken by careless and imprudent driving. However, this gain in good driving is not of such proportions to allow drivers to relax. Several high-fatality weekends can wipe out all of the gain that has been made.

To maintain the good record through June is going to tax all the skill and alertness that can be mustered by drivers; because the fatality total for June, 1953, was the lowest for that year. The total for that month was 40 fatalities less than the average for the other 11 months in 1953.

Superintendent of the Patrol, Colonel Hugh H. Waggoner, hopes that every citizen of Missouri will accept his responsibility to humanity and do everything in his power to save a life when driving on the highway.

Colonel Waggoner said, "A good citizen will not prejudice the lives of other people, or his own for that matter, when driving. We strongly advocate a ten-point safety check for all automobiles to insure their safe operation, plus every driver making courtesy his code of the road. When drivers do these two things, deaths and injuries are going to be greatly reduced."

The ten-point safety check advocates perfect maintenance of: brakes, headlights, rear and stop lights, tires, steering and wheel alignment, exhaust system and muffler, windshield wipers, windshield and window glass, horn and rear-view mirror. For a copy of the seven rules to make courtesy the code of the road, write to State Highway Patrol, Jefferson City, Mo.

The first foreign salute to American sovereignty was fired in the Dutch colony of St. Eustatius in the West Indies in 1776.

Search Begins At Home

SCHENECTADY, N. Y. —Police sent out a missing persons report and staged a wide search for a 16-year-old boy when his parents said he was missing. Then they found him in the Schenectady County jail. He had been unable to pay two $25 fines for traffic violations.

Don't Go Near——!

MOLINE, Ill. (AP)—A 16-year-old youth, attired in swim trunks and greased from head to foot was ready to swim across the Mississippi River to collect a pool put up by a group of his High School classmates. He was poised on the river bank when his father arrived and took him home.

Lillian Roth Coming Back After 20 Years

NEW YORK (AP)—In the jargon of show business, one of the "hottest" items on this year's entertainment scene is an elfin-eyed songstress with a story that beats Cincerella's yarn a mile.

The label is trade language for performers in big demand. And for the label, singer Lillian Roth is happily grateful.

It's her second chance at the Cinderella slipper of fame. The first time was more than 20 years ago when films made her a teenage star. Then she smashed the slipper during what she now recalls as "my horrible alcoholic past."

Today, big show spots all the way to Las Vegas keep her busy, a nice two-year recording contract is in the safe, one of the big booking agencies has her under its wing and her autobiography is newly in the bookstalls. Currently she is playing a return engagement at the New York supper club La vie en Rose and is the headliner of the Palace Theater's fifth vaudeville anniversary program.

"It all reminds me of the man who kept praying for things," says Miss Roth, "and then when his wishes began to come true said, 'Not so fast, Lord, not so fast.'"

She talks of her past and present with tumbling, vivacious candor. She's a person who frankly looks at her past mistakes, is wistfully pleased at current attention and makes religious faith a working part of everyday life.

"I tell my husband (they married when both were members of Alcoholics Anonymous) that we've had our seven lean years, maybe now we'll have seven good years.

About a year ago, well after physical and mental rehabilitation had been onerously worked out, Lillian got the first touch of spotlight in a long, long time when Ralph Edwards did his "This Is Your Life" TV show about her.

That led to brief engagements in supper clubs, then an extended Miami Beach stand that relaunched her in the entertainment world she first entered at the age of 5.

Born in Boston in 1910, Lillian Rutstein had stage-struck parents who were hopeful she and sister Ann, born two years later, would be actresses. The family moved to a cold-water tenement in New York and the name was changed to Roth—to look better in lights.

The youngsters played movie bits at the old studios in Fort Lee, N.J., then sang and danced in vaudeville.

The sister later left the show world, is today the mother of a lad of 8. For Lillian, however, there were Texan Guinan and Billy Rose night club stints, then the "Vanities," Ziegfeld's "Midnight Frolics" and finally talking pictures.

Her films included "The Love Parade" with Maurice Chevalier, "Paramount on Parade" and "The Vagabond King."

Ironically, Miss Koth recall, she never indulged in the uplifted glass during those frenetic days. It was only when the personal tragedy of the death of her fiance shattered long plans that she turned to alcohol "for its knockout effects."

In the twisted, disconnected years that followed Lillian Roth's path led nightmarishly downward.

Her reputation proceded her now and regular work gave place to occasional bit engagements here and there.

Eventually the girl who had once been brightly climbing found herself on the West Coast, without funds, ill, her sleeping as well as waking hours a phantasmagoria of faces and voices.

For some reason which she is unable to explain, Lillian Roth recalled out of her past the name of a New York psychiatrist she had known years before. With the name came a conviction that if she could get to him, he would help her.

What followed was voluntary commitment to a sanitarium. Within a few months physical recovery was complete. She was released. The rest was up to her.

For several weeks she avoided any new alcoholic temptation.

"Then I thought I could have just one drink," she ruefully remembers.

The dreadful storm engulfed her anew.

"It wasn't very long until I was hearing those voices. I knew there would be no more chance after this."

From somewhere she was able to summon the will to try for escape. Finally, the tortuous struggle to redeem herself led to Alcoholics Anonymous.

Here she met T. Burt McGuire, a man who had fallen from comfortable social station down the 90-proof path.

"He was sort of an AA sophomore when I arrived as a freshman," Miss Roth says, "and he always was near to lend a hand and show me the ropes."

It became a mutual enterprise, boosting each other along the road back. Within a year they married. Their home is now in Fort Lauderdale, Fla.

Although she was physically recovered and had the erstwhile craving firmly suppressed, Miss Roth had yet to face what she calls her hardest battle—"to regain personal dignity and to be unafraid."

The couple decided starting anew far from past associations would be good therapy, so they went to Australia where "they still have vaudeville." She went on a singing tour. The trip, she concedes, had a partial role in restoring her personality. But she says religion gave her the strength she craved.

"Doctors can only go so far," she explains. "The rest is up to God."

The growth of her religious belief was capped four years ago when she joined the Roman Catholic Church.

"I feel I don't want to have to go searching any more," she says quietly and unaffectedly of her faith.

Toll Men Told

GREENWICH, Conn. (AP)—The State Highway Department sent a bill for 60 cents to the Town of Greenwich. It covered six trips at 10 cents each made through the Merritt Parkway toll gate by Greenwich police cars and a fire truck responding to emergencies. The highway department said only state-owned vehicles are exempt from the toll. Greenwich officials retorted it's going to be a long time before the town pays the 60 cents. "It isn't the money; it's the principal of the thing," asserted Greenwich First Selectman C. Carton Gisborne.

Salt ocean water, heavier than fresh water, often travels far upstream along the bottom of rivers.

Open House In Parsonage, Knob Noster

By Mrs. Russell Kendrick

KNOB NOSTER—The Rev. Irvin C. Stanke, pastor of the Knob Noster Christian Church, announces open house will be at the new parsonage on Sunday, June 6, from 2 to 5 p.m.

Following the morning services a covered dish dinner will be served in the church dining room.

On Sunday evening the Rev. O. D. Johnson, Kansas City, a missionary in India three years, will be guest speaker. In conjunction with his speech he will show colored films of his work in India.

Judy Wimer is spending a week in Harrisonville with her grandparents, Mr. and Mrs. Robert Bateman.

Miss Mary Helen Gallaher, who teaches in Independence, is spending the summer months with her parents, Mr. and Mrs. George Gallaher, northwest of town.

Mrs. Kenneth Smiley, Kathy and Nanetta, M. Saults and Mrs. E. O. Price, Sally Ann and David, attended a birthday party in La Monte Tuesday afternoon at the home of Mr. and Mrs. Owen Russell, given for their son, Larry, age 5.

Mrs. Wallace Wimer was hostess to her bridge club Wednesday afternoon. There were two tables of players. Awards were presented to Mrs. Russell Kendrick and Mrs. Milton Kendrick. A dessert course was served by Mrs. Wimer.

Mr. and Mrs. Richard Zink and daughter, Teresa, have moved from Dixon to the home of Mrs. Zink's parents, Mr. and Mrs. Elmer Wampler, who live north of town. Mr. Zink taught physical education in the Dixon school the past year.

Miss Maybelle Jenks was hostess to the Dorcas Sunday School Class of the Methodist Church at her home Thursday afternoon. Mrs. William Busby, president, presided and Mrs. H. C. Schlusing had the devotional. Miss Jenks gave a historical report on Rebecca. During the social hour Miss Jenks served refreshments.

Mr. and Mrs. Ralph House, Wakita, Okla., are visiting her aunt, Mrs. Rena Ragner and other relatives.

Mr. and Mrs. Clarence Swope and son, Rolla, and Mr. and Mrs. Ross Fulton spent Sunday in Warsaw.

Pick a Rib With Us

BARBECUED SPARERIBS—Wonderful indoors or outdoors.

By CECILY BROWNSTONE
Associated Press Food Editor

Here is a mouth-watering recipe for barbecuing succulent spare ribs. The ribs are strictly American in flavor and preparation, but my family compared them to those they had tasted in fine Chinese restaurants.

These are pert tasting ribs, but not too saucy. Brushed with a savory mixture of dark old-fashioned molasses, mustard and other good seasonings, this sauce goes right into the ribs.

We like the sauce because it is so easily put together; no cooking is called for before it goes on the meat. The sweetness of the molasses contrasts with the nip of the other ingredients, and gives the ribs rich color. By the way the four tablespoons prepared mustard called for is correct—we haven't made a mistake, as you'll discover when you try this delightful recipe.

If you are planning to serve these ribs in the back yard, you can do the main part of your barbecuing in the good old kitchen oven, then give them the last touch on the outdoor grill. The aroma of the meat over the charcoal will waft its own wonderful invitation.

What else for the barbecue eaters? A couple of cans of baked beans (about 1 pound each) will satisfy robust appetites. Heat the beans with thin onion rings in a skillet on top of the range or on an outdoor grill for 15 to 20 minutes.

We are not being immolest when we say we think our outdoor salad idea is out of this world—because we are ready to admit we borrowed it from a friend. Alternate short lengths of celery, radishes, olives and wide strips of green pepper on skewers; stand the skewers in a bowl of ice cubes, and they're ready for the back yard. That's all there is to it. Everyone picks up his own salad and eats it out of hand.

Molasses Barbecued Spareribs

Ingredients: 3 pounds fresh pork spareribs, 4 tablespoons dark old-fashioned molasses, 3 tablespoons cider vinegar or lemon juice, 4 tablespoons prepared yellow or brown mustard, 2 tablespoons Worcestershire sauce, 2 teaspoons tabasco sauce, ½ teaspoon kitchen bouquet.

Method: Have spareribs cut in serving-size pieces. Place in shallow pan—about 11 by 17 by 2 inches is a good size. Mix molasses, vinegar, mustard, Worcestershire, tabasco and kitchen bouquet. Brush spareribs with sauce. Bake in moderate (350F) oven 1½ hours, brushing ribs often with sauce. Makes 6 servings.

Note: For back yard barbecue, reserve about ¼ of the sauce used during oven baking. Place spareribs on outdoor grill and cook ½ hour longer, brushing with reserved barbecue sauce.

Conscience Money

HARRISBURG (AP)—Weldon B. Heyburn, state treasurer, has turned over some $58 in conscience money to the general fund. From Hancock, N. Y., he got $35 with a note saying "conscience debt;" $10 came from Meadville, Pa., with a notation "conscience fund" and $13 came from York, Pa., without notation.

Hal Boyle's Column—

Encourages College Graduate To Accept World's Challenge

By HAL BOYLE

NEW YORK (AP)—An open letter to Mr. Joseph College, Class of 1954, U.S.A.:

Dear Joe:

Leaving the ivory tower this year, you come into a world that has lost the ivy of the past.

A vast and visible vista lies before you that holds a greater peace or a deeper agony than mankind has ever faced before.

Before your present crew cut wars into baldness the issue will be settled. This crumbling dream you see now will firm into an achieved vision, or fragment into a nightmare chaos—and, as it goes, the credit or blame will largely come to you.

For whatever security you have known you come to breathless problems. It is your task to pick up the terrible broken mirror of "now" and try to make it reflect a better world.

It's a great challenge ... it's your opportunity ... And I'm glad it is yours. My generation took up the mirror in its turn, and, I regret to say for all its efforts, must still hand it to you cracked and considerably fogged.

Time ... time ... time ... that impartial leveler ... reaches to reduce or exalt you with ancient troubles before the ink is dry on your sheepskin, before your mother—crying for all the difficulty it caused the family to get you educated—can wet it with exultant tears, secret or public.

Now you are a man, with a certificate that says so, in a time that's about as fortunate, or unfortunate, as any. At least it's a great thing to get a college degree in a time when there still are many jobs waiting.

If some industry doesn't want you—well, Uncle Samuel does. You may think that a forgotten course in the history of early Roman band instruments or a nodding acquaintance with Caesar's Gallic campaigns was a waste of classroom time.

Perhaps so, perhaps not. The discipline of learning, however carelessly and lightheartedly taken, however seriously accepted, does measure a reward in later life. At the very worst, the college graduates who were in the last World War never had to fight a hill in Europe that wasn't there when Caesar lived. Whatever you learned, however you learned it, you will sometime find a use for.

With the exception of a very few number of colleges, which tradition-minded elders feel they must stamp the minds of their offspring with, the average American university offers no more than a pleasant doorway to knowledge. Then you bust your foot through and around the door the rest of your life. That's living!

It is highly unlikely, if you move boldly into a growing world, that 25 years from now you will have more than one or two close friends from the yearning days you are now leaving. It is highly unlikely that you will ever have in your life more than two close friends. Friends don't grow on clothes trees; nor are they born in easy times.

You are coming, full of the juice of youth, into the great cider press of time and age. It will squeeze you, as it has millions of men before you.

Whether you come out of college with 10 million family dollars behind you, or just a boy owing fines to the college library, you'll be squeezed and hurt—arguing with a wife in palm beach, selling chemicals in Dubuque, peddling bonds in Wall Street, trying to cure somebody in Phoenix, or hoping to hold a bill in, well, any country where they blow the bugle and set up a flag you live by.

Looking back across 25 years, Joe, I feel you've got one big advantage. There is a place in the world for you, and, whatever you have learned, the rest of the world desperately needs it.

This crumbling dream ... is yours to put a foundation under. Yesterday you were the hope of tomorrow. Now you are the purpose of today.

Make a better world, Joe. It's worth the groan it takes. And one of those who would like to live in and enjoy it is,

Your friend,
Hal Boyle

P.S. Good luck!

Gets Document About 1973 World Revolt

WASHINGTON (AP)—Congress has been shown a document—purportedly submitted to Moscow by the Chinese Communists—predicting that by 1973 "world revolution will be an accomplished fact."

The memorandum, according to Senate Majority Leader Knowland (R-Calif), purports to outline Chinese Communist leader Mao Tse-tung's program for revolution.

Knowland inserted the document in the Congressional Record recently without disclosing where he obtained it.

Supposedly taken to Moscow in March, 1953, by Chinese Foreign Minister Chou En-lai, before the Korean War ended, the document says that "until we are certain of victory" a course leading to war should be avoided.

It says the United States should be "isolated by all possible means."

The paper predicts:

Communist victory in Indonesia in two years, with Burma and Thailand joining the Red orbit soon after.

A "peaceful revolution" in Japan by 1960 with a "mere show of force" by the Soviet Union and China.

By 1965, possibly, Communist control over India by peaceful means," then alliances with Arabic countries and the Philippines, followed by revolution "over the whole continent of Africa'

With Asia and Africa "disconnected with the capitalist countries in Europe, total economic collapse to follow in Europe with capitulation there a "matter of course."

"Twenty years from now, world revolution will be an accomplished fact. If the United States should ever start a war, she would do so before the liberation of Japan, the Philippines and India," the memorandum continues.

Sgt. Oscar Sisemore Returning From Alaska

U. S. FORCES, ALASKA — M/Sgt. Oscar C. Sisemore, whose wife, Maxine, lives at 501 West Sixth, Sedalia, is scheduled to return to the U.S. from Alaska where he is serving with the 96th Anti-Aircraft Artillery Battalion.

A gun platoon sergeant in the battalion's Battery B, Sergeant Sisemore arrived in Alaska during June, 1952, from Fort Meade, Md.

The son of Mr. and Mrs. Jim Sisemore, Sedalia, he entered the Army in 1948 and holds the Good Conduct Medal with two loops, Asiatic-Pacific Campaign Ribbon and the Philippine Liberation Ribbon.

That Leftover Problem

You'll probably have leftovers when you cook a smoked tongue. Don't forget you can use the tongue in a jellied loaf, with potatoes and onions in hash, in a stuffing for green peppers, with celery and mayonnaise for a sandwich filling.

Here's a Perfect Dessert for 12

PINEAPPLE TRIFLE—Takes its cue from the famous English dessert.

By CECILY BROWNSTONE
Associated Press Food Editor

"What shall I serve 12 people for dessert?" That's a query we often get when our friends are giving a buffet supper or just having guests for coffee and dessert in the evening.

A trifle, styled after the famous English sweet, is one answer. It can be made in the morning, or even the day before the party and refrigerated. Then just before serving, if you use a spring-form pan, it can be slipped onto a plate. Or if your kitchen doesn't boast a large spring-form pan, you can make the trifle in a casserole, it will still look pretty because of its garnished top, and you can cut it in front of your company.

There are various schools of thought when it comes to trifle. Mrs. Beeton, famous 19th Century English cookery author, has four recipes for this dessert. But one thing is sure—most classic trifles call for sponge cake or lady fingers; strawberry or raspberry jam, custard and whipped cream. Mrs. Beeton usually calls for some macaroons along with the sponge cake or lady fingers, but our version omits these; we use packaged vanilla pudding, too, instead of custard, and we add pineapple tidbits.

When I made this Pineapple Trifle recently for a supper party my sister was giving, we had onion soup, chicken, stuffed baked potatoes and green peas on the menu. The soup was a prepared mix; the chickens were spit-roasted, two at a time, on the electric rotisserie; the potatoes had chopped pimientos and scallions added to their filling; the peas were quick-frozen. Instead of salad, there were attractive dishes of radishes, carrot strips and olives on the table. Our guests enjoyed the Pineapple Trifle very much after this combination, probably because while it is a substantial dessert, it also has a quality of lightness.

Pineapple Trifle

Ingredients: 36 lady fingers, 1 cup raspberry jam, one No. 2 can pineapple tidbits (drained), 2 packages vanilla pudding, 4 cups milk, 1 cup cream, 8 whole blanched toasted almonds, 2 red maraschino cherries, angelica or green maraschino cherries.

Method: Split lady fingers in half lengthwise and spread each half with jam. Stand lady finger halves on end, jam side to the center, around the edge of a 10-inch spring-form pan or straight-sided casserole. Place half of the remaining lady fingers jam side up, in an even layer in the bottom of the pan or casserole; arrange half of the pineapple tidbits over them. Prepare vanilla pudding according to package directions, using 4 cups milk. While the pudding is still hot, pour half of it over the pineapple layer. Repeat layers of lady fingers, pineapple and pudding in the same order and chill dessert thoroughly. (Reserve 4 pineapple tidbits for garnishing.) Refrigerate. Just before serving, remove sides of spring-form pan and place trifle on serving plate; or serve from casserole. Split reserved pineapple tidbits in half. Make two flowers by placing a cherry in the center of each, and arranging pineapple pieces and almonds alternately around cherry for petals. Make stems of angelica or sliced green maraschino cherries. Whip cream, sweet to taste and flavor with vanilla; spoon cream around edge of trifle. Makes 12 to 14 servings.

Pleasant Green 4-H Club Plans Projects

The Pleasant Green 4-H Club met at the Pleasant Green school, May 20, where they made plans for six project meetings. Final arrangements for Rural Life Sunday were made, and square dancing followed the meeting.

The first project meeting for food preparation will be June 2 at Alta Chevalier's and the clothing project meeting will be June 9 at Mrs. Merle Templeton's. Twelve members and 12 visitors were present at the meeting.

Different Salad

Here's a good variation on Waldorf salad. Instead of using apples, dice peeled fresh pears and mix with celery, walnuts and mayonnaise. Serve on salad greens and sprinkle with a little paprika.

Mrs. Huff Will Join Husband In Japan

By Mrs. B. A. Bridges

SYRACUSE — Mrs. Kenneth Huff and daughter, Patricia, formerly of San Marcos, Tex., left Saturday for Colorado Springs after a week's visit with Mrs. Clara Huff and Mr. and Mrs. William Blankin, St. Louis. Mrs. Huff will leave June 6 for Tokyo, Japan, to join her husband Lt. Col. K. B. Huff. Patricia will spend the summer with her aunt, Mrs. C. W. Falbie and Mr. Falbie at Colorado Springs.

Mr. and Mrs. George Peoples went to Shawnee, Okla., last week to attend commencement exercises at the Oklahoma Baptist University where their daughter Beulah Mae Peoples, was one of the graduating class. She received her B. S. degree, and was a member of the Kappa Delta Pi honorary education society. Miss Peoples majored in education and a history minor.

Mr. and Mrs. Charles Hardey of Ocala, Fla., arrived Thursday for a 10-day visit with Mr. and Mrs. Ed. Kinhardt and other relatives. Their son, John Hardey, Kansas City, met them here for a three days visit.

Misses Opal and Grace Roark of Alamogordo, N. M., visited Friday afternoon with Mr. and Mrs. B. A. Bridges. They were former teachers in the Syracuse School.

Mr. and Mrs. Vincent Burns and daughters, Katherine, Virginia and Janie, of Corpus Christi, Tex., arrived Monday for a week's visit with the former's mother, Mrs. Kate Burns and other relatives.

Mr. and Mrs. Armin Landis and sons of Lawrence, Kan., visited from Saturday through Monday with Mrs. Landis' parents, Mr. and Mrs. Earl Steele and her sister Mrs. Leonard Koenke Jr., and Mr. Koenke and children.

Dr. and Mrs. James C. Soderstrom, Sylvia and Susan, Prescott, Ariz., arrived Monday for a vicit with Mr. and Mrs. B. A. Bridges.

Mr. and Mrs. Eldon C. Brubaker attended preaching services last Sunday at the Primitive Boptist Church in Leeton.

Weekend guests of Mrs. Rhoda Poage were her son-in-law and daughters, Mr. and Mrs. Harold Gibson, Mr. and Mrs. J. N. Paxon, Mr. and Mrs. Jack Greenwell and children, Kansas City, and her sister, Mrs. Ed Schuster, and Mr. Schuster, Versailles.

Mrs. Alpha Klein was called to Wisconsin Saturday due to the illness of her sister. Others going were Mrs. Durwood Goode, Mr. and Mrs. Albert Ellis, Bunceton.

Mr. and Mrs. Lawrence Kammerick, Lee's Sumit were weekend guests of the latter's other, Mrs. James Myers.

Mr. and Mrs. John Berkenbile, Canyon City, Colo., are visiting relatves here, those being Mr. and Mrs. Hadley Stahl, and Mrs. Mary Siegel, Sedalia.

Mrs. M. T. Keevil attended the twentieth birthday anniversary of the American Legion Auxiliary Tuesday evening May 25 in Versailles. Mrs. Keevil was a charter member. She made a short talk in honor of her mother, Mrs. George Hubbard, who was one of the first presidents of the auxiliary.

Old Horse Stays Young

UXBRIDGE, Mass. (AP) — Princess, 33-year-old mare owned by Mrs Lillias Farnum Daigle, wouldn't stand still. Mrs. Daigel appologized:

"Princess always wants to be on the go once she's saddled and you ought to see her run in the corral. It's hard to believe she's so old, but my father bought her in 1926 at an auction in the Chicago stockyards. She was five years old."

Dr. Royce Simpson of the Agell Memorial Hospital in Boston says "It's an exceptional age for a horse even if it doesn't break any records." He says horses may live into the 40s. And the way Princess frisks and canters now, she may be headed for a record.

Concrete building blocks must stand 900 pounds pressure per square inch. Recent tests of fly-ash block showed it could take 1,285 pounds pressure.

Bob Thomas in Hollywood—

Susan Hayward Set to Fight Divorce Suit to Bitter End

By BOB THOMAS

HOLLYWOOD (AP)—"I'm glad the heat is on you for a change, and not me," John Wayne laughed as he saw a reporter descend on Susan Hayward.

The two stars are co-starring in "The Conqueror," and Wayne was wryly observing one of the phenomena of Hollywood. Sometimes a star becomes hot news. Then he or she becomes the focus of attention for Hollywood correspondents.

Last year it was Wayne, who was embroiled in a divorce suit with his wife Chata. Now it is Miss Hayward, who is fighting litigation of almost equal intensity involving her husband Jess Barker.

"The divorce trial is set for June 14," Miss Hayward replied in answer to my query. "I will fly down from the location in Utah."

Will it be a one-day affair?

"Oh, no. The calendar is set for four days. Everything is going to be brought out. It's too bad. This whole thing could have been resolved very easily with a settlement. But it's too late for that now."

Miss Hayward indicates she will fight the affair to what may well be the bitter end. She is taking her twin sons to the location with her and says she will refuse to allow them to be brought into open court to watch the proceedings.

I didn't let Wayne escape as easily as he hoped. Long an anti-Communist, he was talking with men who were preparing a blast against Red activities in Latin America. When he finished with this business, I asked him about his beef with Howard Hughes, for whom he is working at present.

"There's no beef right now," he replied. "But I'll admit I was pretty put out. I set aside three whole months for my commitment to RKO in 1952 and another three months in 1953. Neither of those periods were used.

"I also have been sitting and waiting for this picture to start since Jan. 4 of this year. Now it won't finish until midsummer. I could have been making two pictures in that time.

"That doesn't sound like much, but I have tax obligations to meet. I have committed myself to earning a certain amount. When I don't I'm in trouble. When you're in the $400,000 a year class and earn only $200,000, that can really put you in a hole.

"We worked out a settlement so that Hughes will loan me the money to meet my tax commitments. Then, when the picture is over and we can see how much I have lost, we can get together and make a settlement."

Small Chances For Good Farm Price Supports

WASHINGTON, D. C. (AP)—Sen. Aiken (R-Vt), chairman of the Senate Agriculture Committee, said today the chances for an extension "of high level rigid supports on farm crops are very remote."

At the same time Aiken conceded there might be a congressional deadlock with no action on president Eisenhower's flexible price support proposals.

If that happens, Aiken said, a 1948-49 flexible support law will go into operation on next year's crops. It differs from the Eisenhower proposal in that its flexible supports would be lower, especially for cotton and wheat.

Aiken has been an ardent supporter of the flexible supports asked by President Eisenhower and Secretary of Agriculture Benson.

His forecast concerning congressional action contrasted with a prediction made by Chairman Hope (R-Kan) of the House Agriculture Committee after Hope had breakfast Tuesday with President Eisenhower.

Hope said he is confident that "a good sound compromise farm bill" will be worked out by his committee and passed by the House.

It is known that the House group opposes the lower flexible supports and favors extension of the mandatory fixed supports now scheduled to expire at the end of this year.

Hope's reference to a compromise may have been to a one-year extension of these 90 per cent of parity supports on cotton, wheat, corn, tobacco, rice and peanuts. Parity is a price intended to give a farmer a purchasing power described in farm law as fair to producers and consumers alike.

Aiken said he believes Hope's committee favors extending rigid supports but the senator questioned whether the House will turn down the Eisenhower proposals.

Aiken said the Senate Agriculture Committee also might show a majority for extending high level supports "but I believe the Senate itself favors flexible supports."

Secretary Benson has made it clear he will recommend a presidential veto if the wartime price supports are extended again. Aiken also appears confident of that but he also raised the possibility of a Senate-House deadlock "with no legislation."

WACs Begin Their New Genter At Ft. McClellan

Operation of the new Women's Army Corps, located at Ft. McClellan, Ala., will start June 10, the Department of the Army announced today.

On that date an advance party of 63 will leave Ft. Lee, Va., for the newly completed center in Alabama. In succeeding weeks, as training of basics, leaders and officers is completed at the Virginia fort, the staff and faculty will move to Ft. McClellan to prepare for the next classes. The first basic trainees are scheduled to report to the new WAC Center on July 28. By early August all WAC training activities will be moved to Ft. McClenan and the $7,000,000 Center, the first permanent installation the WAC has had in the 12 years the corps has been a part of the Army.

Basic training, clerical training, non-commissioned officer training, officer candidate and officer basic courses, and the new officer advanced course will be conducted at the WAC center, which can accommodate more than 2,000 women.

The 22 buildings include a WAC center headquarters; a clothing outlet for issue, alteration and storage; ten three-story enlisted barracks; three consolidated mess halls; a basic school; a WAC school; a service club for enlisted women; and three bachelor officers' quarters. The cream-colored, concrete block buildings will use natural gas heating and are floored in asphalt tile.
